

VICTIMS VIEW THUG SUSPECT

DEFEATED REBELS FLEE INTO ARMS OF AMERICAN TROOPS

General Bliss and Staff Prepare for Long Stay in the South; Troop Trains on Move

SAYS DIAZ IS IN GOOD HEALTH

NEW YORK, March 10.—W. B. Joyce, president of the National Security Company, said today after calling upon Mr. Limantour, the Mexican Minister of Finance: "I am convinced that the health of President Diaz is satisfactory. I am assured by Senor Limantour that General Diaz is at his desk day and night. Moreover, I believe that the Mexican administration is fully able to cope with the rebellion."

EL PASO, March 10.—News reached here this morning of a fight at the San Augustine ranch in Mexico, directly opposite Fabens and twenty-eight miles east of El Paso, between a band of sixty-eight insurgents and 135 federal soldiers under Lieutenant-Colonel Puebla, sent out from Juarez yesterday. Twenty of the insurgents came across the river and were captured and disarmed by Captain Lindsay, U. S. A. Ten of them were armed with Mauser rifles. Ten rifles, three horses and a quantity of ammunition were captured. The insurgent officers quit their men early in the fight. About half of the party were Americans. The insurgents were part of a band that has been concentrating about Juarez with a view to assaulting that town, it is said.

Several Hundred Marines Soon to Reach San Diego

SAN DIEGO, March 10.—Troops trains began to arrive early this morning with companies of the Thirtieth Infantry on board. Three trains followed closely together, each carrying a full company of men. The night to come from Los Angeles on account of the heavy rains and consequent danger of washouts on the line. General Bliss and his staff are making preparations for a long stay in San Diego.

WEALTHY YOUTH TRAINS ON S. P. RUNNING ON SCHEDULE TO WED; FAMILY IN DARK

Allen Ramsey Surprises Parents by Getting License.

ALAMEDA, March 10.—A marriage license issued in Oakland today to Ada Wall, Oakland, aged 17, and Allen Ramsey, Alameda, aged 20, the son of a wealthy family of this city, was the first intimation that Mr. and Mrs. A. M. Ramsey, the parents of the young bridegroom, had of the contemplated nuptials. Ramsey has been living in Shasta county, where he has had a position with a big power plant for several months, and his family did not know that he was in the bay cities. Mr. Ramsey is a club and sister woman. Unlike his mother and sister, Miss Frances Ramsey, a debutante of this season, young Ramsey disliked the drawing-room atmosphere, and left Alameda a short while ago to take a position in Shasta. "I do not know Miss Wall, and I have never heard my son speak of her," said Mrs. Ramsey today. "I shall feel badly if my son has taken this step without first consulting me about it. I feel though, that Miss Wall must be an admirable young woman, because he has the highest respect for her." Of course, I would be opposed to the marriage on account of their youth. Although the marriage license gave the age of my son as 20, he is more than 22. Up to a late hour this afternoon the Ramsey family had not heard from their son, and did not know whether or not the marriage ceremony had been celebrated. The Ramsey home is at 908 Cayetano street, Alameda. The family is one of the wealthiest and most influential in the city, and is descended from old English stock.

Bunco Men Work Old Game on Cattlemen

SAN FRANCISCO, March 10.—A bunco game was worked yesterday on Oscar Fredholm of Gresham, Ore., a cattle dealer, who met two men in a saloon at 129 Market street. They played the old dice game and took \$200 of his money.

OAKLAND ARMY THROOP BILL MEN MAY GO TO BORDER MEETS WITH DEFEAT

National Guard Officials Make Ready to Leave for the Front.

War Department Orders Militia to Be Prepared for Fighting.

ALAMEDA, March 10.—That the officers of Company G, N. G. C. of this city, together with Major M. W. Simpson, Fifth Regiment, and other Alameda officers of the National Guard, with all the National Guard officers in California, may be ordered to the Mexican border to take part in the military demonstration now on, is indicated by orders quietly given out today in National Guard circles for all officers who can go to the border to go signally at once.

In response to this notification, which comes direct from the military head in Washington, Major Simpson, battalion commander of the Fifth Regiment, Captain Ruston, commanding Company G, First Lieutenant Charles P. Magagnoli and Second Lieutenant Sweeney of Company G, have notified the military authorities that they are ready to go at once. Similar activity is taking place in every company of the three regiments of the National Guard of California, as well as in all the other states of the union.

NATIONAL GUARD IN FIELD.

The orders do not affect privates or noncommissioned men, though in the general war excitement there is talk that the entire National Guard, of 200,000 strong, in the United States may take the field.

It is stated that there would be no delay in assembling the National Guard if needed, for it is now directly under control of the federal military authorities. There would not even be need for swearing in. The companies would simply be ordered into the field. They are already supplied with regulation regular army equipment, including a large quantity of ball cartridges and ammunition. The California companies all have on hand close to 8000 rounds of cartridges.

It ordered into active service the National Guard would probably be brigaded with the regulars, one regiment of regulars and two regiments of the National Guard forming a brigade under the command of a United States brigadier. Company G has about 60 members and is considered a full company, though on a war footing the company would recruit up to 125 men. Equipment for 125 men is already at hand in the armory. The peace foot is 85 men. The local company has in its charge federal property worth between \$5000 and \$8000.

RECEIVE ORDERS.

BERKELEY, March 10.—Company C, Berkeley's military organization, has received orders from National Guard headquarters to be ready to march at short notice if ordered out for duty on the Mexican border.

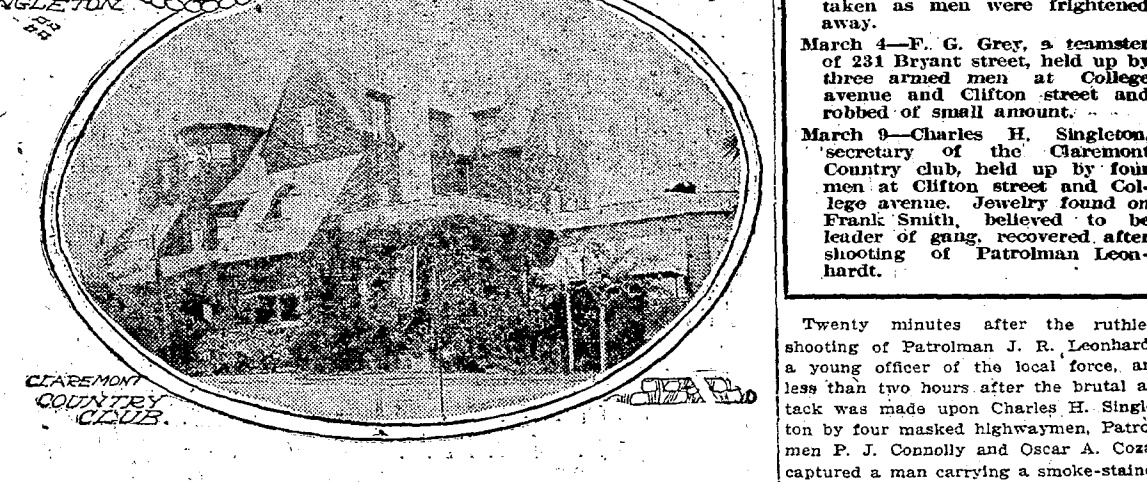

TO OBSERVE MANEUVERS.

REDDING, Cal., March 10.—Captain E. S. Shufeldt, of Company D of the State Militia received orders today from Adjutant-General E. A. Forbes to report the number of his officers who can leave at once to observe the army maneuvers at the Mexican border.

MAN ARRESTED WAS PARTIALLY IDENTIFIED BY CHAS. SINGLETON

Principals in the hold-up last night when Charles H. Singleton, secretary of the Claremont Country Club, was robbed; Special Officer J. R. Leonhardt dangerously wounded, and Frank Smith arrested as a suspect by Patrolmen Connolly and Cozard.

PATROLMAN P. J. CONNOLLY.

Powder Explosion Wrecks Homes in 5-Mile Radius

PLEASANT PRAIRIE, Wis., March 10.—Hardly a house in the thickly populated farming country within a radius of five miles of here is habitable today as the result of the explosion last night of the five magazines filled with dynamite and black powder at the Dupont De Nemours Powder Company's plant. E. S. Thompson was killed, one man was seriously injured and several hundred were painfully hurt. The greater number of residents of this village, Bristol and the surrounding country have packed their remaining household goods and moved away until their homes are rebuilt.

Woman on Trial for Life Exhibits Little Concern

ALBANY, March 10.—The state continues its efforts today to prove that Mrs. Edith Melber, on January 6, killed her five-year-old son, George, by giving him carbolic acid in a lonely swamp in the outskirts of Albany. Six witnesses were sworn yesterday and District Attorney Sanford expected today to get before the jury the confession made by Mrs. Melber to the Rochester police following her arrest in that city. Mrs. Melber exhibits little concern in the evidence.

\$100,000 Fire Threatens Town of Douglas, Alaska

JUNEAU, Alaska, March 10.—The fire that threatened to destroy the town of Douglas was extinguished last night after it had destroyed property valued at \$100,000.

LEONHARDT TELLS OF AFFAIR

Wounded Officer Was Shot Down in Cold Blood Without a Word of Warning

Cowardly Thugs Left Him Weltering in Blood and Made Escape

OPERATIONS OF GANG FRUITFUL IN RICH JEWELS

Robberies for which gang is believed to be responsible: February 5—Tonye Foslavia of San Francisco, held up by three men at Seventh and Market streets, \$25 in money and jewelry taken. February 17—George Catfish of 3440—East Fourteenth street, held up by three masked men, armed with revolvers, near residence, \$40 taken. February 28—John Maloney of 404 Fifth street, held up by three men armed with revolvers at rear of hotel, same address, \$14 taken. March 3—Fred Levee of 4117 Howe street and Alvin Betzel of 1121 Laurel street, held up at Mission and Shafter streets, \$56 taken. March 4—John Mainland of 112 Grand avenue, held up at College and Clifton street. Nothing taken as men were frightened away. March 4—F. G. Grey, a teamster of 231 Bryant street, held up by three armed men at College avenue and Clifton street and robbed of small amount. March 9—Charles H. Singleton, secretary of the Claremont Country Club, held up by four men at Clifton street and College avenue. Jewelry found on Frank Smith, believed to be leader of gang, recovered after shooting of Patrolman Leonhardt.

Twenty minutes after the ruthless shooting of Patrolman J. R. Leonhardt, a young officer of the local force, and less than two hours after the brutal attack was made upon Charles H. Singleton by four masked highwaymen, Patrolmen P. J. Connolly and Oscar A. Cozard captured a man carrying a smoke-stained revolver and Singleton's jewelry, who is believed by the police to be the leader of the gang. The capture may lead to the running down of the other members of the quartet of bandits, to whose door the police lay at least eight robberies committed in this city within the past thirty days.

The suspect gave his name to Captain of Detectives Walter J. Petersen as Frank Smith of Los Angeles, but told such conflicting stories to account for his presence in Oakland, that without the conclusive evidence of the finding of Secretary Singleton's jewelry on his person, he would have been held for investigation. It is thought he has a previous record. J. R. Leonhardt, the young policeman who was shot down in cold blood by the leader of the gang of thugs, is lying in a precarious condition at the Providence Hospital, although Dr. O. D. Hamlin now holds out some hope for his recovery. He was shot through the abdomen, the bullet penetrating the liver. The missile was extracted by the physicians last night.

WIFE IS PROSTRATED.

The shooting of Leonhardt is particularly sad, as he was probably the youngest officer on the local force. He had been appointed only three months, and has a wife and child. Mrs. Leonhardt is suffering a nervous collapse as a result of anxiety over the fate of her husband.

Leonhardt is only 24 years of age and, although he has proved his ability in his short period of service, he had not been appointed to the regular force because he is under the required age. Technically, he is still under probation as a patrolman, although assuming the responsibilities of an officer of older standing. It is possible that a school for teaching young members of the force police (Continued on Page 3, Column 4 and 5.)

Battleship Oregon Ready for Service

SEATTLE, March 10.—The famous old battleship Oregon, which has been practically rebuilt at the Puget Sound navy yard, can be put into commission on ten days' notice, according to Rear Admiral V. L. Cottman, commandant of the yard. Yesterday the crew of eighteen civilian watchmen who have been stationed on the Oregon while it was undergoing repairs, was removed from the battleship and eighteen sailors substituted. The repair work, which has cost more than a million dollars, is practically completed.

Committee at Work On Site for Big Fair

SAN FRANCISCO, March 10.—The executive committee of the Panama-Pacific Exposition Company went into session this morning again to consider the numerous sites proposed for the 1915 fair. No outsiders were allowed at the meeting, and it is not expected that any decision will be reached for some time.

THE RAINFALL

The Sanborn rain gauge gives data on the rainfall as follows:
Rainfall for the last 24 hours.
.11 inch.
Rainfall for the season to date.
27.38 inches.
Rainfall for the corresponding period last year, 17.02 inches.

TRAINS AND SHIPS CARRY HUNDREDS OF FIGHTING MEN TO MEXICAN LINE

500 Marines With Arms and Ammunition Sail From Mare Island, Leaving That Navy Yard Practically Deserted

(Continued From Page 1, Column 2.)

several hundred marines from Bremerton and Mare Island. Just what disposition will be made of them Admiral Thomas is unable to say.

Both General Bliss and Admiral Thomas expect the whole of their forces to arrive today and tonight. It is said that they do not expect orders of a discretionary character until they have been able to report the arrival of the forces at their disposal, which will be Saturday if no further hitch occurs.

There was no movement of either Mexican federal or insurgent troops at Tia Juana or Campo last night.

500 Marines Sail On the Buffalo For San Diego

VALLEJO, March 10.—With more than 500 marines, 250,000 rounds of ball cartridges, 500,000 rounds of small arms ammunition and stores aboard, the naval auxiliary Buffalo sailed today for San Diego.

Of the marines 228 were taken from the Mare Island navy yard, and the remainder arrived from the Bremerton navy yard early today at Port Costa and were at once transferred to the Buffalo, which had dropped down the lights and compasses at that point to adjust its compasses.

The ranking officer on the Buffalo is Colonel Charles A. Doven.

The gunboat Yamacraw, under orders to proceed to San Diego, is coaling at Tiburon. It will sail for the southern port after taking on stores at San Francisco. The supply ship Glacier is expected to join the other naval vessels on the Southern California coast within two weeks.

Department Waits For Arrival of Troops in Field

WASHINGTON, March 10.—With all the details of the great southward movement of troops complete and the scene of activity shifted from Washington to the field, the headquarters of the army is waiting today for the arrival of the units of the moving commands at their objective points.

Major-General Carter, commander of the division which is concentrating at San Antonio, is expected to arrive at the Texas post tomorrow. Reports to the War Department indicate that by that time nearly all the troops which will form the division will have reported.

Insurrections Capture Casas Grandes After Desperate Fighting

EL PASO, Tex., March 10.—Dispatches received last night from Columbus, N. M., state that Madero's forces under Colonel Garcia have renewed the attack upon Casas Grandes, a town of 1,500 people, and captured the town, but are still fighting to retain possession. The loss is said to be heavy on both sides.

The number of Americans said to be dead is increased to 15, while 35 are said to have been taken prisoners by the Mexicans. These men are reported to have been recruited at Ahumada and were in charge of the machine guns under Captain Hartman.

Revolutionary Agents At El Paso Deny the Defeat of Gen. Madero

WASHINGTON, March 10.—Dr. Francisco Vasquez Gomez, confidential agent of the Mexican revolutionary party, said last night that the news of a telegram from agents at El Paso contradicting the report of the defeat of the Madero columns near Casas Grandes.

No reports, his message added, except those from the seat of the revolution, had reached El Paso up to the time of filing the dispatch.

Dr. Gomez also took occasion to disclaim responsibility for the utterances and acts of the revolutionists in Lower California.

Certain of these formerly associated with the Socialist group, he said, had adopted the latter's attitude and were now fighting in the revolutionary ranks, notably Captain E. Gutierrez de Lara, commanding a troop of cavalry in General Orozco's brigade.

Troops to Stay At Fort Houston For Five Months

ST. LOUIS, March 10.—During a brief stopover here, Major-General William H. Carter, who will command the 20,000 troops now hurrying from all parts of the country to Fort Sam Houston, said the first of the three months' stay of the troops in Texas will be devoted to training and the two months following to maneuvering.

Brigadier-General A. L. Mills will have a force of 4,000 men at Galveston and another of 2,000 men at Corpus Christi. The smaller force there will be assailed in mimic warfare by the larger body.

General Wood to Inspect Army Camps Along the Frontier

WASHINGTON, March 10.—Of the posts from which the soldiers are being drawn for service along the Mexican border, the most interesting are the latest removed from the places of rendezvous. It is thought the troops from those forts will reach San Antonio by Sunday and certainly not later than Monday.

Major-General Leonard Wood, it was announced at the War Department, probably will go to the border in April. The purpose of his trip will be to inspect the camp and commands along the frontier.

The army is carrying out its part of the operations just as if the sudden and extensive preparation of war vessels for active duty were a part of every-day life. Three ships of the fifth division of the Atlantic fleet are en route to the Gulf of Mexico, Cuba.

The remaining unit of the division which is undergoing repairs at the Portsmouth navy yard, will be ready for duty on March 15, when she will be sent to join its division.

The admissions in administration circles that the military activities are inspired by conditions in Mexico were read today with great interest by the army and navy, a majority of whom had accepted the early explanation that the operations were merely for practice drills in the art of warfare.

Grand Jury at El Paso Indicts Six Mexicans On Kidnaping Charge

EL PASO, Tex., March 10.—The grand jury yesterday returned indictments against six Mexicans on the charge of kidnaping Lawrence Converse and Edwin Blatt, two weeks ago. The names of the men indicted will not be given until arrests are made. This is the first step toward extradition proceedings.

Government Certain Of Ending Trouble, Says President Diaz

NEW YORK, March 10.—"The government is certain of re-establishing within a short time the order disturbed by scattered guerrillas," is the translation of a telegram over the signature of Porfirio Diaz, received here today.

He asks if the United States is to undertake the protection, not only of its own citizens, but of those of European monarchies, whether it "is not likely to prove a bigger job than entangling the United States in the European struggle to keep the balance of power against which our fathers so often warned us."

Herbert, recalls one little known episode in the period preceding American intervention in Cuba.

CLEVELAND DETERMINED.

"President Cleveland was determined," he said, "to resist the demand, then loudly voiced in congress, for intervention in Cuba. Expeditions in aid of the revolution were being fitted out along our coast. Our navy was used to prevent these violations of our neutrality laws. Further to prevent any cause of trouble that might possibly arise from the presence of our men of war near the scene of conflict, it also was decided by Mr. Cleveland to suspend the custom, which had prevailed in time of peace, of sending naval vessels now and then to Cuban waters."

"In 1896, I think it was, our consul general at Havana, General Fitzhugh Lee, made an earnest appeal to me as Secretary of the Navy, to station a ship in the harbor of Havana, to enable him more efficiently to protect American

citizens. I could not favor the plan, believing that the presence of an American warship would be a disturbing factor."

Mr. Herbert said he pointed out to General Lee that the incapacity of the little Central American states to protect American interests justified the sending of warships to those places, but that to pursue such a course in regard to the Spanish colony, "when Spain, an important power, was claiming that she could and would put down the rebellion and protect our interests, would give offense to that country and her loyal adherents."

Herbert added that Cleveland upheld him in this view and "kept the peace with Spain."

"When McKinley came into office," Herbert goes on to say, "a conference took place with the Spanish minister here. He suggested the change, it is not for me to say, but the result of that conference was that Spanish and American warships once more exchanged visits. The Viscaya anchored for a time in New York harbor, where it is understood, our authorities carefully guarded her, local sentiment being strongly anti-Spanish."

"The Maine went to Havana, and then followed the explosion of that ship, the resolutions of congress, and the Spanish-American war."

"Certainly it is that the war followed swiftly upon this change of naval policy. Whether, if the Maine had never been sent to Havana, Mr. McKinley would, as he undoubtedly was anxious to do, have avoided that war and so have saved us from that lasting calamity, the acquisition of the Philippines, is a matter of speculation."

Mexico Rushes Aid To Town Threatened By the Insurrectos

DOUGLAS, Ariz., March 10.—When day dawned the insurgents who last night threatened the capture of the town of Agua Prieta, across the border from this city, were nowhere to be seen. It was certain, however, that they were but a few miles distant. The Mexican government continued with feverish activity its work of preparing for a rebel attack. The officials were straining every nerve to get sufficient troops into Agua Prieta to resist the expected insurgent assault.

Communist Vasquez wired the Mexican officer in command of the troops at Cananea to rush men to the relief of Agua Prieta. Colonel Giron immediately started for the town, and the insurgent command, which was at the town of Agua Prieta, was forced to march along the border towards the threatened point. It was expected that these reinforcements would reach Agua Prieta late this afternoon.

The rebel force under General Blanco, which is the flower of the insurgent command, is at Cucuchirachi, 20 miles from the town of Agua Prieta, under Cabral, Lopez and Graemante, which took the town of Fronteras, and abandoned it some days ago, were less than five miles south of Douglas, waiting for the navy to arrive.

The navy is carrying out its part of the operations just as if the sudden and extensive preparation of war vessels for active duty were a part of every-day life. Three ships of the fifth division of the Atlantic fleet are en route to the Gulf of Mexico, Cuba.

The remaining unit of the division which is undergoing repairs at the Portsmouth navy yard, will be ready for duty on March 15, when she will be sent to join its division.

The admissions in administration circles that the military activities are inspired by conditions in Mexico were read today with great interest by the army and navy, a majority of whom had accepted the early explanation that the operations were merely for practice drills in the art of warfare.

The number of Americans said to be dead is increased to 15, while 35 are said to have been taken prisoners by the Mexicans. These men are reported to have been recruited at Ahumada and were in charge of the machine guns under Captain Hartman.

Child Perishes; Three Hurt in Fire

CALDWELL, Idaho, March 10.—The 6-year-old son of J. W. Casey perished in a fire which destroyed the family home, the eldest child of the family, Wednesday, and Casey, his wife and their 5-year-old son were seriously burned. The father, mother and boy made their way three-quarters of a mile through the cold, clear night in their night clothes, to the home of a neighbor. The fire is supposed to have been caused by the explosion of a lamp which had been left burning.

ASKS \$10,000 DAMAGES FOR ALLEGED DEFAMATION

Suit was filed today in the Superior Court by Mary Abbey and William Abbey against the Pacific Coast Canning Company for \$10,000. Defamation of character is alleged in charges made by the company, to the effect that Mrs. Abbey, while in the employ of the company during the season of 1909 and 1910, had willfully altered marks on her time and working card with intent to defraud through obtaining wages in excess of work actually done.

Tribune Annual in Great Demand

That the TRIBUNE ANNUAL is appreciated in all parts of the country was manifested this morning in the receipt by the Oakland Chamber of Commerce of a telegram from William Schweitzer, secretary of the Business Men's Association of Wheeling, West Virginia, requesting that thirty copies be sent him at once. The chamber has had calls for the TRIBUNE ANNUAL from many parts of the country.

AMERICANS TO PREVENT THE DIVISION OF MEXICO

Real Reason for Mobilization of the Army Given Out; Foreign Powers Demand Interference

CHARLOTTESVILLE, Va., March 10.—The secrets behind the extraordinary haste in the mobilization of the army along the Mexican frontier came out before the Presidential party, bound for Atlanta, Ga., had been away from Washington two hours.

President Taft no longer smilingly talks of army "maneuvers" for the "training" of officers and men. He admits now that the army, in all probability, has serious work ahead of it.

Behind the orders for the mobilization of the army lurks three menacing specters—foreign intervention to protect foreign interests, the collapse of the Diaz government and the disintegration of the Mexican republic, with a seceding government holding Northern Mexico and Lower California.

The United States, it may be declared, will not permit foreign interference, nor will it permit the setting up of a new republic in Northern Mexico and Lower California.

The foreign office in Berlin announced yesterday that if Germany receives reports that her interests in Mexico were in danger she would take measures to protect them. The Pearson's Syndicate in London is understood to have appealed to the British government to protect its large investments in Mexico.

The United States is bound to protect foreign interests in Mexico, and it may be said that this will be done.

REBELS ROUT FEDERAL TROOPS

Two Prominent Planters Are Killed in Hand to Hand Conflict.

MERIDIA, Yucatan, Mexico, March 10.—In a hand-to-hand battle between a small detachment of government troops and a body of rebels who had captured the Hacienda Catmis, near Quintana Roo, Antonio and Enrique Cicerol, well known planters, were killed. The rebels, through arrangements with the laborers, who are Yaqui Indians, seized the hacienda Wednesday, notwithstanding the defense put up by a few loyal servants.

A messenger carried the news of the raid to a small body of troops under command of Major Cristobal Carrillo, who immediately hastened to the attack. Armed with machetes, as well as firearms, the insurgents rushed to the encounter. The rebels' overwhelming numbers forced the retreat of the troops, but not before several were killed.

"Madero" is the name the insurgents have given the town of Peto, which they captured five days ago.

Yesterday a detachment of federal troops sent from Vera Cruz was landed at Progreso and proceeded to the relief of Yemax.

RELIEVED OF COMMAND. CHARGES FRAUD IN LAND DEAL

DENVER, March 10.—Orders were received yesterday relieving Colonel Frederick W. Shibley as Inspector General of the Department of Colorado. He was ordered to remain here until the appointment of his successor.

Harry Bridge Declares Trustee Has Not Acted Fair in Realty Sales.

SAN FRANCISCO, March 10.—Charging that F. Spangenberg has misused his authority as trustee, on a land pool proposition, Harry Bridge obtained an injunction against him from Judge Morgan today after the filing of a petition for his removal from the trusteeship.

It is declared that in May, 1909, Ellwood Varney, T. A. Peters, F. Spangenberg and Herman Murphy, agreed to pool properties in San Francisco, Alameda, and Tehama county, Spangenberg to be trustee.

Bridge now alleges that the trustee fraudulently sold land in Tehama county for \$15,000, which is worth \$20,000, and 20 acres in Alameda county for \$100 an acre, which is worth \$300. Murphy, it is said, has assigned his claim to Bridge, and the court is asked to see that justice be done.

SCISSORS ENTER ALAMEDA'S EYE

Accident That May Deprive George Conklin of Sight Is Peculiar.

ALAMEDA, March 10.—A pair of scissors falling from the edge of a shelf may cause George Conklin, a jeweler, living at 2123 Clinton avenue, the loss of his eyesight. Conklin was lying on a couch in his bedroom last night when the scissors fell from a shelf above his head, the point entering his left eye.

Dr. George Reynolds, Dr. W. O. Smith and Dr. Stevens, an eye specialist, switched over the injured patient at the Alameda sanatorium all night in an effort to save his sight, but they held out very little hope.

But foreign intervention is not the most serious menace to Mexico just now. The disintegration of the Diaz republic is the real peril.

The United States is informed that the plan of the insurgents is to organize a republic of the northern States of Mexico. The capital is to be located in Lower California. From there it is intended that the revolution shall spread until it involves the whole of Mexico.

This state of affairs must, in the judgment of this Government, be opposed. The first move is, therefore, to put an effective check upon the sources of supplies and encouragement which are located on the American side of the line. This the 20,000 troops now on their way to Texas and California will be ordered to do.

Absolute neutrality will then be enforced. It matters not how long it takes to do this. The army will remain on duty two weeks, six weeks or six months, if need be, in order to make effective the neutrality of the border. If by doing this the American Government can aid the Diaz administration to cope with the difficulties, such aid will be freely given.

It seems that the administration has had knowledge of the proposed organization of the new republic from the beginning. The Diaz administration now in Northern Mexico was not plain to those on the President's special train tonight.

FIREMEN HURT IN \$50,000 FIRE

For Four Hours Men Battle Flames Which Rage in the Russ Building.

SAN FRANCISCO, March 10.—In the big \$50,000 fire which raged for four hours in the northeast corner of the Russ building on Montgomery between Pine and Bush streets early this morning, 150 firemen under Chief Murphy worked heroically in subduing the flames while their lives were in constant danger from falling walls and firebrands, the explosion of a boiler and the dense and suffocating smoke.

Firemen William Dipe and John Toomey were overcome and taken to the Harbor hospital, where they recovered after treatment. Caught in a shower of falling glass, Captain Jack Leahy was painfully injured. He was taken to the Central Emergency hospital and amputation of two fingers of his right hand may be necessary.

The damage to the building, which is partially covered by insurance, is confined to the northeast corner of the Russ building, in which a number of stores, a saloon, cafe and real estate and insurance offices were badly damaged.

A man's opportunity has reached the limit when a porous plaster refuses to get stuck on him.

Always be polite. Don't call a man liar. Say he is suffering from a palpitation of the imagination.

LATEST NEWS FROM OUTSIDE TOWNS

WOULD REIGN AS KING AND QUEEN

Many Candidates for Royalty Among Order of Druids at Livermore.

LIVERMORE, March 10.—Despite the heavy rains and floods which have partly set business at a standstill throughout the Niles Canyon towns, a great deal of interest is centered in the extensive preparations being made by the members of the local order of Druids for their big street carnival to be held on April 26, 27, 28 and 29. This carnival will be the first to be held in the West and the second only in the United States.

Most of the excitement has been aroused over the coming contests for king and queen, and already many members have offered themselves as candidates. The committee in charge of the affair is composed of George S. Fitzgerald, president; F. M. Mally, secretary; George Beck, treasurer; D. J. Murphy, T. E. Knox, W. Kaiser, J. Wolff, J. F. Rhodes and Professor Henry directing.

DEADLOCK FAR WORSE THAN WAR

Governor Dix Thinks Sherman's Definition Not Strong Enough to Suit Case.

NEW YORK, March 10.—The deadlock at Albany over the United States senatorship goes one better than General Sherman's definition of war in the opinion of Governor Dix, who is in New York for a series of conferences. He made this statement at a board of trade dinner last night. The governor's speech followed a midnight conference with Mayor Gaynor, which both declined to discuss, further than to say that it concerned the senatorship.

"I am surprised to find so large a body interested in any other subject than the election of a United States senator," said the governor to the 500 diners. "We have all heard Sherman's definition of war, but the deadlock at Albany goes it one better."

When the governor left the banquet hall he was asked if he and the mayor had decided upon a solution of the senatorship question.

"No," he replied. "We mentioned no new man or solution."

TRUSTEES ELECTED BY PRESBYTERIAN CHURCH

SAN LEANDRO, March 10.—A. E. Felton, T. P. Cary and Mrs. L. A. Eber were elected trustees of the First Presbyterian church of this city at the annual meeting held last night. The other members of the board who continued in the service are W. J. Reid, Mrs. M. Knox, C. R. Jones and Mrs. George Downie. Reports from the various societies gave evidence that the membership has increased from seventy-three to eighty-four. The Sunday attendance is 150. The expenditures on the church for repairs reaches the amount of \$550 for the past year.

COMPANY TOLD TO RUN CARS SLOWER

SAN LEANDRO, March 10.—The board of trustees has instructed the city clerk to notify the Oakland Traction company that the speed of its cars must be reduced to conform to the state law governing vehicles within the city limits.

MELROSE SHOE STORES RAIDED BY BURGLARS

MELROSE, March 10.—A shoe store owned by W. M. Brown and located at 4002 Ellendale avenue, was broken into last night and lost valued at \$7 obtained. P. T. Matkin of thirty-fifth avenue, reports to the police that his shoe shop was raided last night, the burglars making away with \$4 in goods.

ONLY ONE "BROMO QUININE," that is, LAXATIVE BROMO QUININE. Look for the signature of E. W. Grove. Used the world over to cure a cold in one day.

CLOTH IS STOLEN. SAN FRANCISCO, March 10.—While one customer talked to Morris Kronick, a lady's tailor of 1806 Sutter street, last evening, a second customer walked off with a bolt of cloth valued at \$113. Kronick told the police today that he believed the pair worked together.

WASHINGTON, March 10.—Not for \$50,000 will former Speaker Cannon forego the fun he is going to have in fighting Champ Clark. Even a lecture tour through the insurgent West which was the proposal, couldn't lure him away from Washington. The offer came from a San Francisco manager named Wilander, and the terms were 100 lectures at \$500 each, with all expenses paid. It was a topnotch proposition, but the representative from Illinois wired the following reply: "Sorry I cannot accept. Am too busy."

NO WORK, NO COIN, DECLARED HUBBY

That's the Class of Ill-Treatment Mrs. Danziger Alleges in Complaint.

SAN FRANCISCO, March 10.—Her health broken as the result of

alleged ill treatment, Mrs. Dora Danziger, wife of Louis Danziger, a prominent dry goods merchant of the Mission district, filed suit for divorce today.

The wedding of the couple occurred in February, 1890, and there are four children. Mrs. Danziger alleges that when she was suffering from rheumatism and wanted to go to a hospital, her husband said to her: "Go to work or die; no work no money."

She asks for a community interest in large property holdings in various parts of the city and \$150 alimony. We once heard of a woman who married a man to reform him and succeed—at least, he died the next day.

MANY CHANGES MADE IN NAVY

Secretary Meyer Announces Important Assignments of Officers.

WASHINGTON, March 10.—Many important assignments of naval officers to duty were announced by Secretary Meyer yesterday. They will take place after April 1st.

Captain Robert P. Lopez is detached from the board of survey, San Francisco, and will take command of the armored cruiser Maryland in place of Captain Jas. G. Gillmore, and Commander Charles C. Marsh, now on duty in the Navy Department, will relieve Captain Clifford Boush of the command of the cruiser North Carolina.

Captain H. T. Mayo, now captain of the navy yard at Mare Island, will succeed Admiral Hugo Osterhaus as commandant of that yard.

Captain John T. Newton is detached from the battleship Nebraska and ordered to command the Portsmouth (N. H.) navy yard. Captain Dewitt Hoffmann is detached from the command of the battleship New Jersey and assigned to duty as commandant of the Boston navy yard. Captain Thomas S. Rogers is detached from command of the battleship New Hampshire and made commandant of the Norfolk navy yard in place of Captain James P. Farber.

SNOWDEN TRANSFERRED.

Captain Thomas Snowden is detached from the inspection board and ordered to command the battleship South Carolina in place of Captain A. F. Fechtler. Captain George R. Clark is transferred from the command of the battleship Iowa to the Minnesota in place of Commander William R. Sims, who will go to the Naval War College.

Captain Edward Lloyd is detached from the command of the receiving ship Wabash and placed in command of the battleship Kansas, in place of Captain Charles J. Badger.

Captain James P. Parker, upon being relieved from command of the Norfolk Navy Yard, will take command of the battleship Nebraska, in place of Captain John Newton.

Captain Washington I. Chambers, who has been in charge of the naval aeronautical work, will become commandant of the battleship reliving Captain Albert G. Winterhalter. Commander Frank W. Kellogg will take command of the battleship Maine when she goes into commission. Commander Frederick L. Chapin, late naval attaché at London, will become captain of the Missouri. Commander W. W. Buchanan is relieved from duty as inspector of the second lightship district at Boston, and will command the Ohio.

WOMEN AID CAMPAIGN OF MRS. ELINOR CARLISLE

BERKELEY, March 10.—The candidacy of Mrs. Elinor Carlisle for election to the school board was endorsed yesterday by the Jefferson Mothers' club, which highly commended her work and appointed a committee to further her campaign. The committee includes the following: Mrs. Thomas H. Seabury, Mrs. W. H. Emery, Mrs. J. Beaman, Mrs. W. Noble and Mrs. H. Steigler.

POLICEMAN LEONHARDT IS SHOT DOWN BY THUGS

Dangerously Injured, the Wounded Officer, Suffering Acutely, Battles Bravely for Life in Hospital

(Continued From Page 1, Column 7.)

tactics may be established as a result of the shooting last night, according to Mayor Frank K. Mott, head of the board of police and fire commissioners. Mayor Mott said this morning:

MAYOR IS INCENSED.

"The cowards gave this man no chance. He spoke to them and one turned and shot him down. It is a most pitiful case, and one deeply to be regretted. It is possible that I may recommend the establishment of a school for the training of the new members of the force. The men should be instructed never to approach suspicious characters except with their revolvers in hand, although not actually displayed. It would possibly save many lives."

The drama of events moved swiftly last night, leading to the tragedy of the shooting of young Leonhardt, and the capture of one of the highwaymen probably responsible for his death.

At 9:35 Secretary Singleton was attacked by four armed and masked thugs at Clifton street, 30 feet from College avenue, when he was running for a car. He was brutally beaten, and jewelry and money taken from him, the total loss being estimated at close to \$200. He made his way to the Claremont Country Club and notified the police.

The red light warning, calling all police to look out for suspects, was flashed throughout the city, and Inspector of Police Charles Bock sent out the police patrol. Detectives Harry E. Green and Thomas Gallagher, with Wagon Officer Caveney, searched the district in which the robbery had taken place but failed to find the bandits.

A COWARD'S ACT.

At 11 o'clock at Montecito street and Grand avenue, Patrolman Leonhardt encountered three men together walking rapidly. He asked them to halt and speak with him, as he had been ordered to demand an account from all suspicious characters. Without a word one of the men turned, revolver in hand, and shot him down. The three disappeared in the darkness, going eastward on Clifton street.

Leonhardt, despite weakness from loss of blood, crawled two blocks to the Oakland Gas and Heat Company power station at the Piedmont baths, and after scratching and calling at the door, attracted the attention of the night engineer, who notified the police. The wounded officer was taken to the Emergency Hospital and afterward to the Providence, where he is now in a critical condition.

Vigilance on the part of the police was redoubled, and in less than 20 minutes Patrolman P. J. Connolly and Oscar Cozad, who were patrolling a business district, began watching for suspects, captured Frank Smith as he was running down Washington street toward Twelfth. The man was out of breath, nervous, and covered with perspiration, as though he had been running for many blocks.

HAD GUN HANDY.

He had a large revolver thrust in the front of his trousers, where he could grasp it easily with his right hand. Connolly, who has had considerable experience in dealing with dangerous suspects, captured Smith as he was running down Washington street toward Twelfth. The man was out of breath, nervous, and covered with perspiration, as though he had been running for many blocks.

as if I did they would fill me full of lead.

"After these instructions the youngest of the quartet, who I should judge was about 17 years old, and who was dressed in a dark suit and a black cap with a patent leather visor, and the older of the men, who was dressed in a dark suit and a black slouch hat, went through my clothes, taking \$2 in money, a \$75 diamond tie pin, that was given me by my wife as a wedding present, a diamond ring that was given me by my mother, my gold watch and chain, valued at \$55, my check book and my card case. The only thing that they left were my keys."

"After going through my clothes the smallest of the bunch picked up my umbrella and handed it to me, at the same time pointing his gun at me and telling me that I had better get back to the club."

"I started back and was about half way there when I met the same auto that had passed before I was held up. It stopped in the middle of the road, stopped the machine and told the chauffeur that I had been held up and that I wanted him to take me to the police station. Instead of taking me to a police station he took me to a couple of saloons and then from there back to the club where some members telephoned to police headquarters and a couple of detectives came out and asked me a lot of questions and then took me home."

PLANNED BIG HAUL.

That the gang of bandits had planned to make a big haul last night is the belief of Secretary Singleton. The Denier Cri Dancing club was holding a ball at the Country club, and the men were lying in wait in a dark street on the way from the club.

"There were four of them, all armed," said Secretary Singleton this morning. "One had been acting as a lookout, I believe, and that is the reason why in several cases only three men have been seen."

The gang intended to hold up an automobile party coming from the club, I believe, and anticipated getting some valuable jewelry and money. They were apparently fully prepared to carry out a well planned robbery, and it was only my stumbling into them that made me the victim and forestalled a later attempt. "The attack upon me was a most brutal one. One man struck me a violent blow in the nose, knocking me to the ground, and when I was down they all kicked me, aiming to kill me in the abdomen and put me out. A match box in one pocket, which they smashed flat, saved me from a nasty injury."

"One of my fingers is wrenched and torn, and the brute dragged the ring from me. I have bruises all over my body. The men evidently tried to leave me as badly damaged as they could, so that I would not be able to give warning."

Captain of Detectives Walter J. Petersen declared this morning that he believed Smith to be the leader of the gang. He is the one who had the main part of the loot taken from Singleton in his possession, and the captain of detectives has little doubt that the man is a crook and a yeggman. Identification Expert Harry Caldwell is taking his measurement by the fingerprint and Bertillon system this afternoon, and investigation will be made into his previous record.

PARTIALLY IDENTIFIED.

Secretary Singleton partially identified Smith this morning as one of the gang who had attacked him. A description of the articles taken from Singleton has been given to the police. It includes the scarf pin and ring recovered, a hunting case gold watch, Valtham movement, half of a heavy gold chain, broken in two parts, a fountain pen and a card case.

Special Patrolman Leonhardt was unable to identify the man last night, but in a general way his description tallies with that of the leader of the gang which has been terrorizing residence districts in Oakland for several weeks. Leonhardt tells briefly of the manner of the attack upon him, but makes light of his heroic determination to report the matter to the police, which enabled him to crawl for over two blocks, with a possibly mortal wound from which blood flowed freely. He said:

RECEIVED SIGNAL.

"I received the flash of the red light to look out for three or four men together, one a tall man with a light overcoat, and three with dark sack suits, all armed. I was at Montecito street, a little later on, and saw two men together, and two others across the street. They answered in a measure the description, and I followed them. They walked faster, and one of the men on the further side of the street joined the two on my side near Grand avenue. When about twenty feet away, I called to them to stop, and was about to reach for my gun, when without a word one of the three turned and fired point blank at me. I fell as though struck by a heavy weight, and saw them running eastward along the street."

CRAWLED ALONG STREET.

"I almost lost consciousness. Then I realized that I must give the warning, and I raised myself, and holding to the force pickets, drew myself along the street. I fell several times, and finally was so weak I could not raise myself, and was forced to crawl the rest of the way on hands and knees."

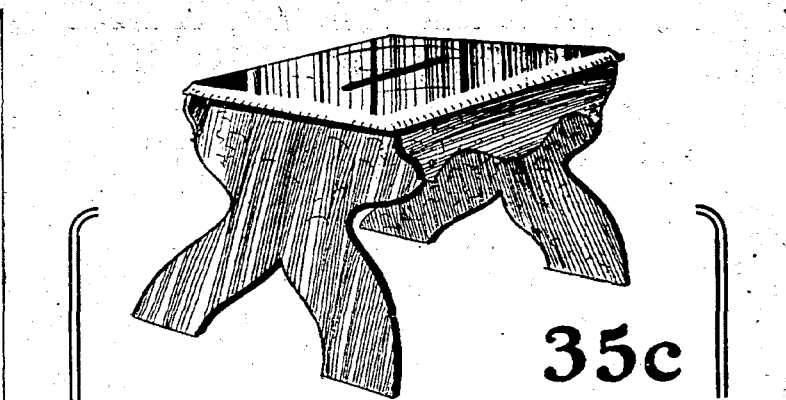

"I got to the power station at the Piedmont baths, the door was closed. I scratched and knocked at the bottom of the door and finally the engineer came and found me. I told him to notify the police, and I don't remember what happened after that."

Leonhardt was taken to the hospital in an automobile by A. H. Brooks of 233 State avenue and H. F. Harper of 355 State avenue, and from there, after his wounds had been dressed, taken to the Providence Hospital. He was in a critical condition all night, and while Dr. Hamlin holds out some hopes for his recovery, he states that it will be some days before it will be possible to say positively that he is out of danger.

X-RAY PHOTO TAKEN.

Before the bullet was extracted last night an X-ray photograph was taken through Leonhardt's body and the bullet thus located. It was immediately extracted and the dispatch in finding the missile and removing it may save his life, and he will probably forestall the possibility of blood poisoning.

"I have no doubt that this fellow Smith is an old crook," said Captain of Detectives Petersen. "He is too wise to talk much, and falls to give anybody or any name of a person to whom we can apply to confirm the statements he makes. He claimed last night to have been in Oakland only yesterday, and yet he showed a strange familiarity with Oakland streets. When asked where he had been in Oakland, he said he had been in the town and had been sitting in Harrison Park at Seventh and Harrison streets, but he was captured at Twelfth and Washington streets, and

was not coming from the direction of the park at the time.

"Smith declares he came to Oakland from Los Angeles. He says he is a cook and worked on a gang on the aqueduct there. This we do not believe, as he has given us no names or dates of a verifiable nature. He told us at first that he was unarmed, but we found a revolver shoved well down inside his trousers, concealed."

"He said he had no money or jewelry on his person, but we found Singleton's watch and scarf pin and the gold watch whose owner we will probably find here in Oakland. I have no doubt that he will find in the police records that he is listed for other offenses."

POORLY DRESSED.

Smith is poorly dressed in dark clothes. He wears a rough shirt and is evidently a man of the working class, but his hands show no signs of his having done any hard work for many months.

Detectives Green and Gallagher, in the police automobile, barely missed capturing the gang last night, but as they figured on the thugs continuing east, they missed their quarry when the bandits Parolmen Connolly and Cozad for their capture of the alleged crook. Cozad is a comparatively new man on the force, while Connolly is recognized as one of the best officers on the staff as a patrolman.

Henry Marischino and William Tread-

well, who reside on Clifton street, near College avenue, and who last night witnessed the attack of the four holdup men on Secretary Singleton of the Claremont Country Club, this afternoon identified Frank Smith, the suspect held in detention at the city prison, as one of the members of the gang. Marischino and Treadwell saw the encounter last night and rushed to their home to obtain revolvers to assist protecting Singleton. When they returned the thugs were disappearing down the street.

Captain of Detectives Petersen has three suspects in prison, but so far has been unable to identify any of them as connected with the holdup and shooting of Patrolman Leonhardt, with the exception of the man calling himself Frank Smith.

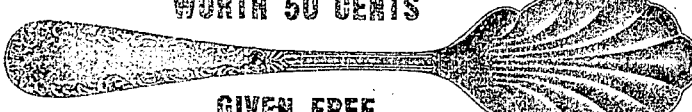

WILLING TO PAY GAS BILL AND NO MORE

SAN FRANCISCO, March 10.—Because her husband desired to live in luxury, Minolta De Boit Russell testified in court this morning that she was forced to work, and that although her husband, Ernest, received a salary of \$30 a month he was only willing to pay the gas bill out of it. She was given a decree of divorce in the superior court. Marie A. Frate was married to Arthur Frate in Oakland in September, 1906, the couple later going to New York. August 29, 1909, she told Judge Cabanis the best officers on the staff as a patrolman. He would follow. Later he wrote her to get a divorce. She did.

EFFORT TO BE MADE
TO SELL RESTAURANT

Place Was at Height of Career
Shortly After the San
Francisco Fire.

No more will the fro-frou of silken skirts be heard in the Hoffman cafe, 418 Seventh street near Broadway, for that place, so long the haunt of the tondelovers after the fire, has closed its doors. That is to say, for the time at least. For some time the place has not lived up to its old reputation for gaiety, for with the return of many of its habitués to San Francisco its glory was dimmed.

The result was evident this morning when the creditors of the establishment met in the law offices of Mervyn Samuels, in the Union Savings Bank building, and the management announced its liabilities as in the neighborhood of \$5000 and its assets as probably not more than \$250.

A committee of the leading creditors was then formed, consisting of the Acme Baking company, S. Anderson, company and others, and this committee hopes so to arrange its affairs that a larger sum may be realized.

Within the last few days the license of the establishment has expired, and renewing this it is hoped to secure some party who will buy the place outright. In that event the place, it is thought, should bring in about \$2500, of which \$1000 would go on a secured note to the Harbor Bank, and the rest to satisfy the other creditors. Whether the establishment will ever again regain its old-time hilarity, its Maxim's atmosphere, is a question time alone will tell.

OWNED LAND AND DIDN'T KNOW IT

Steward Sam Platt Discovers
He Is Possessor of 160-
Acre Gift.

Steward Sam Platt of the Receiving hospital force, is highly elated over a discovery made yesterday that he is the possessor of 160 acres of government oil land, in the Lost Hills district near Bakersfield, the award having been made in recognition of services rendered during the Spanish-American war.

Platt, in company with 12 other men, enlisted in a company of artillery at the Presidio in 1903 when the company was lacking just 13 men to make up its equipment. They were assigned to the Philippines where they saw active service and during the guerilla warfare, which was carried on there by the natives a few years later, Platt was wounded in the right leg by a bullet.

ON ILL-FATED SHIP.

After a short stay in a government hospital, he was placed aboard the first steamer sailing for San Francisco, which was the old Rio de Janeiro. It was the last trip the vessel made into this port before it struck upon a rock beyond the heads in a fog, sinking with nearly all on board.

Having enlisted for five years, and with still two more years to serve, Platt was given an honorable discharge. Through a special act of Congress, it was provided that the 13 men should each receive 160 acres of land and the award was made. The matter did not reach his attention, however, until the other day, when in a letter from his friend in Bakersfield, Platt was asked about the property.

GOOD NEWS TRUE.

He went to the government land office in the postoffice building here and ascertained that the good news was true. In order to secure final deeds it is provided that the grantees must live on the land for a period of two weeks each year for two years.

It is said that a syndicate has in contemplation the purchase of a large tract of land in the Lost Hills district and that at the present time it is valued at \$100 per acre. Hence the broad smile on Steward Platt's face.

PRIZE FIGHT IS SEEN BY WOMEN

Fair Spectators Applaud Likely
Youngsters Who Don
the Gloves.

SAN FRANCISCO, March 10.—Society's mania for prize-fighting exhibited recently in the east, has reached this city, for on Wednesday evening Harry Scott, son of Henry T. Scott, provided two exciting bouts for a gay party of men and women whom he was entertaining. The guests included Mrs. J. C. Mars, wife of the aviator who is now in the Orient; Charles Willard, the aeroplanist, and Mrs. Willard; W. A. Larned, the tennis champion; William Farrel, the polo player; Dr. George Watson and J. C. Cowden of Philadelphia.

While entertaining his guests at the St. Francis, the conversation turned to pugilism, and Scott promised that he could fix up a very short order. The telephone was pressed into service, with the result that Gregory Mitchell, one of the retainers of James Coffroth, the prize-fight promoter, was gotten on the line and promised to appear with some likely youngsters, which he did in the persons of Jerry McCormick, the "Panhandle Kid," and Joe Meredith, the "Mission Locomotive." After some difficulty in finding a suitable place for the mill, it was finally pulled off with the women of the party attentive spectators, cheering the bout enthusiastically.

DINNER TO OPEN MISSIONARY CONFERENCE

W. N. JENKINS, chairman of the finance committee of the Layman's Missionary Conference.

Eastern laymen will be the principal speakers at the Laymen's Missionary Movement Conference, which will open with a dinner to be given in the Scottish Rite Cathedral, Fifteenth and Madison streets, Monday evening, March 20. The general sessions for both pastors and laymen will be held in the auditorium of the First Baptist Church, Jones street and Telegraph avenue, where J. Campbell White of New York will preside. Several hundred business men of the bay cities will attend the meetings, where future evangelical work will be planned and interest in the movement will be aroused by special missionary workers.

The officers of the Oakland Conference, who were elected at a special meeting held some months ago in the Key Route Inn, are: F. L. Starrett, general chairman; A. L. Taylor, vice-chairman; Col. R. H. Lane, secretary, and Harvey B. Lyon, treasurer. W. V. Jenkins is chairman of the finance committee, which has been arranging for the conference.

The tentative program announced by the committee of arrangements is as follows:

Opening day, March 20.—Dinner, 6 p. m. Scottish Rite Temple. Addresses, "The Present Working Policy of the Laymen's Missionary Movement," Colonel E. W. Halford; "Successful Financial Methods," Earl Taylor; "Important By-Products of the Present Missionary Awakening," J. Campbell White.

March 21.—Noon, luncheon with Executive Committee; 3 p. m., conference session; 6 p. m., supper. Addresses, "Fundamental Principles of Missionary Finance," J. Campbell White; "Every Christian's World-Obligation," Col. E. W. Halford.

EXPECT DISAGREEMENT IN HILLMAN CASE

SEATTLE, March 10.—The jury in the case of Clarence D. Hillman, the millionaire real estate dealer accused of using the mails to defraud, was still out late today and disagreement was looked for.

PIONEER ALAMEDA LADY DIES AT ADVANCED AGE

ALAMEDA, March 10.—Mrs. Hannah E. Hunter, widow of Henry J. Hunter, and mother of Robert G. Hunter, died this morning after an illness of a week. Mrs. Hunter was 80 years of age and a native of Hartford, Conn.

She had lived in this city, where

her family is prominent, for 30 years. The funeral will be held from her late residence, 1532 Chestnut street, Monday morning at 9:45 o'clock. Interment will be in Cypress Lawn cemetery, San Francisco.

SUES FOR DIVORCE.

Claiming that his wife had wilfully abandoned him, Jose Benito brought suit today for divorce from Etta J. Benito. The couple were married at Blaine, Wash., May 22, 1908.

J. SCOTT, RETIRED RANCHER, IS DEAD

ALAMEDA, March 10.—Julius Scott, a retired rancher at Healdsburg, is dead at the home of his daughter, Mrs. Louise S. Baum, of Bay street. Decedent was 59 years of age. He came to his daughter's home a month ago for medical treatment. The remains will be sent to Healdsburg tomorrow. He is survived by his daughter and two sons, Frank and Walter Scott.

SWISSCO Hair Remedy FREE

Grows Hair, Brings Back Original Color to Gray or Faded Hair and Stops Dandruff and Scalp Diseases.
25c Bottle Free to Prove It.

The free 25c bottle of "Swissco" Hair and Scalp Remedy, if used as directed, will astonish you. It is a NEW REMEDY, the latest and best preparation known. It is the result of years of investigation and research into the reason why so many of the hair preparations have failed in the past to do the work demanded of them. It is marvelous in its action, and thousands have received amazing results just from the free bottle we gave them for the asking.

Because you may not have received any relief from something you have tried, don't be foolish enough to condemn anything else. You will be greatly benefited by the free bottle we give you.

"Swissco"—50 cents and \$1.00 a bottle for sale and recommended by all druggists and department stores.

All who wish, that have not tried Swissco, can have a free 25c bottle prepaid receipt of 19 cents in stamps or silver, help cover expense of packing, etc., by addressing direct to the Swissco Hair Remedy Co., 3609 P. O. Square, Cincinnati, Ohio.

For Sale in Oakland at Owl Drug Co. Store

As to the Annexed District.

Will any fairminded man say that the citizens of the annexed district should be disqualified from holding office under the new charter by invoking a narrow technicality? Is there any man so selfish and unjust as to wish to claim from a man regularly elected by a majority of the voters an office which he had been denied at the polls?

Hardly, we think.

But the contention that the residents of the annexed district are disqualified from being candidates at this time has no sounder basis in law than it has in morals. It is not based upon a fair and intelligent reading of the charter and the legal decision which is cited as proof of ineligibility. The decision referred to does not apply at all points to the situation presented here. It is not analogous in a vital particular.

When the new charter was framed the annexed district was an integral part of the city of Oakland. The provisions of the charter therefore apply equally to that section of the city as well as other sections of the city. The charter first describes the corporate boundaries of the city and then goes on to say that electors who have been residents of the city four years preceding election shall be eligible to the offices of Mayor and Commissioner.

That means resident of the territory included in the corporate limits defined by the charter. It could mean nothing else. The language of the charter in no sense applies to the city of Oakland as it existed prior to consolidation. As used in the new charter the term city of Oakland does not apply to the boundaries of the old corporation. It applies to the corporation created by the new charter, and to the entire territory included in the provisions of the charter. In setting forth the qualifications of office-holders under the new charter that instrument has no reference to the old city, but referred to the new.

Suppose, for example, no part of the territory embraced within the corporate limits of Oakland had ever been incorporated under the name and style of the city of Oakland, or incorporated at all, would it be claimed that all citizens residing therein would be disqualified? Who, then, would be qualified? Where would the city find eligible office-holders? By carrying the contention to a logical conclusion its fatuous absurdity is disclosed. In this instance, the absurdity and injustice are so patent as to be apparent to any layman. A man does not have to be a lawyer to see that the contention has no basis in law or common sense. It is simply a bugbear trotted out to frighten candidates residing in the annexed district off the field. It is, in short, a job-chaser's device.

However, the effort to disqualify them should make the citizens of the annexed district see the wisdom of standing by candidates from their section who can be relied on to protect their interests. If they allow themselves to be juggled out of representation in the city government their needs are likely to receive scant attention in the administration of municipal affairs. The effort to disqualify them and deprive them of the right of representation should admonish them to stand together in defense of their rights and interests.

Hear the voice of the dictator! Senator Gates of Los Angeles threatens that if the Regents of the State University do not cease their opposition to the Throop bill they will be superseded by a "board of control." So the university is to be "reorganized," as was the Bank Commission if the commands of the Los Angeles oligarchy are not obeyed, and the university included in the patronage that may be dispensed at pleasure among the elect, to the confounding of the wicked and rebellious.

Thanks Are Due Mr. Pendleton.

To Ben H. Pendleton, president of the Council, the people of Oakland owe a deep debt of gratitude. It is mainly due to his tact, perseverance, firmness, patience and energetic devotion to the public interests that the matter of the Seventh street franchise has been adjusted on terms so favorable to the city. But for the factious opposition of a minority in the Council he would have adjusted the matter earlier on terms still more advantageous to the city. However, it is gratifying that the franchise dispute has been settled and the Southern Pacific left free to go ahead with the construction of its interurban electric system. The early completion of this system is of vast importance not only to Oakland, but to the contiguous towns. That there is to be no further delay in the work is an assurance that progress is not to be arrested on this side of the bay. We owe that assurance largely to the efforts of Mr. Pendleton, who strove with diligence and patience to bring the franchise matter to a satisfactory conclusion despite contumely and factional obstruction interposed for selfish, ambitious or vengeful reasons. Mr. Pendleton has rendered the city many services for which the public should be grateful, but none more worthy of praise than the settlement of the Seventh street franchise matter. He could not have succeeded had he not been loyally supported by such men as Oliver Ellsworth, J. R. MacGregor, Councilmen Bronner, Baccus and others, but it is no disparagement of those gentlemen to say that Mr. Pendleton bore the chief burden of the task and drew upon himself the bulk of the abuse heaped upon those who were striving to do their duty in a matter of deep vital concern to the city.

President Taft gave Ballinger a certificate of good character, but he gave his place to one of Ballinger's enemies. The vengeance of Pinchot has been satiated in a way, but his ambition has not been gratified. Moreover, it does not appear that the President has gained anything by giving his sympathy to Ballinger and the Interior portfolio to one of the men who helped hound Ballinger from office. It is not a compromise or even a rational adjustment.

Bailey's Assault on Home Rule.

Senator Bailey resigned in a pet because his Democratic colleagues would not join him in resisting the admission of Arizona because the Arizona constitution provides for the initiative, referendum and recall. Not only did he exhibit pettiness and narrowness of spirit, but he displayed a contempt for the fundamental principle of popular government, i. e. the right of a people to govern themselves in their own way in accordance with laws of their own making. THE TRIBUNE is not in favor of a general application of the initiative and referendum and it is opposed entirely to the recall, but it can see no reason why the people of a State should not apply those principles if they see fit to do so. Senator Bailey desired to keep Arizona out of the Union till the objectionable features were eliminated from her constitution, but he was willing to let New Mexico be admitted, and tried to separate the two for Senatorial action. He was balked by his Democratic colleagues; hence both Arizona and New Mexico are out in the cold for the present. Is it Senator Bailey's business to decide what the people of Arizona shall put in their constitution? Once men of Bailey's type tried to force

IN MANCHURIA

NATIONAL REVIEW (SHANGHAI).

a recognition of slavery into the constitution of Kansas, but they failed. Arizona cannot be kept out of the Union because some Senators do not like certain provisions of her constitution. We do not approve of those particular provisions, but we strenuously object to the Federal Senate attempting to dictate what shall and what shall not be incorporated in the constitutions of new States. It is a palpable invasion of the right of home rule and a gross interference with the domestic concerns of the States, and is in direct violation of the principles laid down in the national constitution.

If the bill making it a misdemeanor to play poker should pass, will it hereafter be unlawful to pass the buck? This question is of deep interest to politicians and office-holders.

According to the dispatches the insurrecto force at Mexicali commanded by "Generals" Leyva and Berthold has been reinforced by 107 men, mostly Industrial Workers of the World, sent down from Los Angeles by a revolutionary junta in that city. This means that a band of men are engaged in levying war on the Mexican government from the United States and are sending bodies of invaders largely composed of persons who are not citizens of Mexico across the border. In the battle of Casa Grande thirty-six of the prisoners captured from Madero's army are Americans. These examples furnish conclusive proof that the "revolution" in Mexico is being largely manned, financed and provisioned from the American side of the frontier, in direct violation of the laws of neutrality. It is the duty of our government to stop these predatory forays into the territory of a friendly nation, and that explains why the American army is making a military demonstration all along the border. Our government is under engagement to protect the lives and property of Europeans resident in Mexico, and hence must be prepared to afford the protection whenever it is necessary. Recent events in Mexico indicate that there may be a call for such protection at any moment.

"Is the rain over"—Enough! Call the Coroner. Desperate diseases demand desperate remedies.

EDITORIAL PARAGRAPHS

When we sit on the "judgment seat" declaring ourselves about the performances of other men, we show that we are governed by our prejudices rather than by our pity.

Life is full of poetry and when we will it we give out one continuous, inspiring song; happiness comes from thinking it and not by "winking" at it.

No man is all good and none are all bad, but each one in some degree gets joy out of the good in himself and likewise suffers the penalty that comes from the bad in himself.

All things without should not concern the man within—things exterior are most inferior.

Do not find fault with the cards, for it's always the gambler who has gone wrong.

Men who cannot point with pride to the past will never be able to paint a very bright future.

Happiness cannot be taught when once we succeed in getting hold of it, it is our heaven which is not transferable.

Advice is rarely good excepting you get the best which always comes from men who have had the best experience with the worst that could happen.

VALUE OF A HOBBY

If you have a hobby you are on the high road to health and sanity, no matter how depressed mentally or physically you may be. If you haven't a hobby, beg, borrow or steal one—whether it's collecting beetles, old coins or postage stamps doesn't matter. The other day an alienist at Middletown, Conn., called attention to the value of hobbies in the preservation of mental balance, and yesterday a New York specialist with an international reputation, Dr. Carlos MacDonald, has confirmed the dictum of his less famous confrere. "When a man on the verge of mental unbalance, in the stage of mental alteration which has not become aberration, comes to me for advice," said Dr. MacDonald, "I always find out from him what his hobby is, and advise him to quit work for a few weeks and devote all his attention to it. "It may be fly fishing or playing golf, looking at pictures or going to the theater. Whatever it is, I urge him to give himself up to it. The most difficult cases I have to deal with are those of men and women who have no special interests of any sort, no hobbies, as a matter of fact. "A good hobby is of the greatest possible assistance to physical and mental balance. Women, especially, need to cultivate hobbies." Dr. MacDonald added. "Men get a certain amount of stimulation and interest from their work."—New York World.

Twenty Years Ago Today

R. P. Thomas, proprietor of the Standard Soap Company of West Berkeley, is making some valuable improvements to the glycerine department of his establishment.

P. H. McGrew has a large force of men at work in his foundry on Thirteenth avenue, East Oakland, preparing the steel and iron work to be used in the construction of the addition to the county jail.

One of the prettiest colts seen this season is the little black "St. Elmo" that is now following E. W. Spellman's blind mare, Irvington item.

R. W. Theobald, secretary of the Humane Society, found two horses in a starving condition at Piedmont yesterday and killed them.

Marie Walnwright, supported by an excellent company, appeared at the Oakland theater last night in "Twelfth Night."

In the election held yesterday, 27 out of the 30 officers elected were Republicans. Some of those chosen were: Mayor, M. C. Chapman; Auditor, R. W. Snow; Treasurer, Z. T. Gilpin; Councilmen at large, W. Watkinson, C. W. Wilkins, J. A. Macdonald, G. H. Garthorne; Councilmen from wards, M. K. Thornburgh, P. J. Earl, J. W. Nelson, W. D. Heltman, J. B. Johnson, C. A. Brosnahan, G. C. Pardee; school directors at large, J. C. Plunkett, J. Russ, J. C. Rowell, J. C. Rued; from wards, E. B. Walcott, F. Girard, H. T. Smith, R. N. Getchell, D. Rutherford, C. L. Ingler and J. W. Evans.

Rev. H. H. Rice, pastor of the Presbyterian Church of West Oakland, a pronounced prohibitionist and leader in the movement to secure the submission of local option to the people at a special election, stated today that he was willing to accept the result of the vote on Monday, that the issue of local option, if submitted to the people at this time would be decided adversely to the interests of his constituents.

Sheriff Hussy has appointed T. W. Macfarland and C. C. Brock as deputies.

The Young Women's Christian Temperance Union of California will meet in Alameda on Thursday evening. Miss Minnie Morris, superintendent of young women's work, will preside and Mrs. B. Sturtevant Feet and Mrs. Clara C. Hoffman will deliver addresses.

Dick Davies of East Oakland is bidding his friends goodbye before he starts on his trip to Chicago, where he will remain for a few days.

Tabbs Hotel has been crowded all winter with Eastern guests who have come to Oakland in order to escape the cold eastern winter.

The following patents have been granted Oakland people: Henry Forgason, assignor of one-half to H. G. Comstock, electric arc lamp; Amos Westwood, assignor to P. S. Mallon, process for decorating glass and porcelain; W. H. H. Wright, assignor of one-half to G. W. Lewis, spring seat for vehicle.

This World's People

Hakim Khan, East Indian bandit, was brought to time with a machine gun, after he had fled with thirty followers into a cave.

An Englishman is laying claim to be the father of wireless telegraphy: Sir William Preeco declares he flashed a message without wires in 1876, the year Marconi was born.

Forty years ago Sir Ernest Cassell, Great Britain's noted millionaire philanthropist, was a clerk in need.

The late Senator Elkins, during the Civil War, was captured by a guerrilla band and came near being hanged as a spy.

Gordon Bennett, New York newspaper owner, goes to work every morning at 5, whether he is in America, Europe or on the high seas.

Let Us Show You the Vaco Bottle---\$1.25

It keeps liquids hot twenty-four hours. Cold seventy-two hours. The VACO gives everybody the comfort of the heretofore costly vacuum bottle at a price within their reach. The only difference between the VACO at \$1.25 and other temperature bottles at three and four times the price is in the less expensive case.

Just the thing for mothers, sportsmen, travelers, picnics and outings. The sick-room, the home, automobilists and for anybody and everybody.

NEVADA MAKES CUT IN PRIMARY BILLS

RENO, Nev., March 10.—Senator Tallman's bill amending the primary law was passed by the senate and it is now up to the assembly to fulfill the platform pledges made by both parties during the last campaign, relative to the reduction of expenses incurred by office seekers.

that he is willing to fulfill all duties that may be imposed in him.
The different colored ballots for parties represented is also eliminated and all names shall be placed on one ballot. Voters will not be allowed to vote for candidates running on separate tickets.

CATTLE DIE ON RANGES.
SUSANVILLE, March 10.—Because of the scarcity of hay and feed hundreds of cattle are perishing on the ranges in Lassen county. The stock men are suffering greatly because of the continued snow and if the storm does not break within a very few days there will not be any cattle or horses left on the ranges.

TO CROSS SEA IN PRIVATE YACHT

Millionaire D. G. Reid to Return to London in Time for Coronation.

SAN FRANCISCO, March 10.—When Millionaire Daniel G. Reid, director in a score of big corporations, left the St. Francis yesterday it was with infinite satisfaction. Over night he and his secretary, with the aid of Mrs. Reid, had completed all the arrangements for another European trip that has for its principal attraction the coronation of England's king.
The plans for the return of the Reids to London grew out of a whim of Mrs. Reid.
Journeying up the coast from Los Angeles several days ago, Mrs. Reid suddenly expressed a desire to witness the coronation of King George.
"We'll arrange it when we get to San Francisco," was her husband's reply. Reaching here Monday Reid began warming the wires with request for steamship accommodations and for quarters in London. London replied there were no accommodations to be had. Next came a message from New York that every bit of space aboard the big trans-Atlantic steamers was engaged two months in advance.
Mrs. Reid got a bit peevish. Reid got mad and his secretary got busy.
"You might use your own yacht," suggested the secretary.
"A good idea," chorused the Reids.
"And you might open your own house in London."
Before the Reids left the St. Francis yesterday the railroad magnate had in three hours filed forty-five cable messages.
This means that Mr. and Mrs. Daniel G. Reid will journey to London in their palatial yacht, entertain in their sumptuously furnished London home and take flight to Paris with other Americans when King George has received his crown.
MRS. CHANFRAU DIES.
LONG BEACH, N. J., March 10.—Mrs. Margaret Daly Chanfrau, the widow of Henry Trenchard Chanfrau, who played kilt in "The Arkansas Traveler," died suddenly yesterday afternoon from heart failure. She was a daughter of the late Philip Daly and was in her 40th year.

BREAKS A COLD IN A FEW HOURS

Proves Quinine Is Never Effective in the Cure of a Severe Cold or the Grippe.

Nothing else that you can take will break your cold or end gripe so promptly as a dose of Pope's Cold Compound every two hours until three consecutive doses are taken.
The most miserable neuralgia, pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.
Pope's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.
Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end gripe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pope's Cold Compound, which any druggist in the world can supply.

DR. COOK'S CHEF FINALLY GETS PAY

AUBURN, March 10.—S. P. Beecher of this city, who was chef for Dr. Frederick Cook on his memorable trip to Mount McKinley, has, after many attempts to get his money, received a check from the doctor for \$350 for services performed on the expedition. Beecher declares that he made repeated attempts to get his pay, and finally threatened to bring suit, with the result that the check was forthcoming. Dr. Cook pleaded a scarcity of funds as a reason for not paying the debt sooner.
Beecher was with the expedition from start to finish and took some of the photographs that have been published of scenes in the vicinity of the mountain. Beecher, while being conversant with every feature and step of the expedition, has never taken part in the controversy about whether Cook really reached the summit of the mountain.

PROSPECTOR FROZEN TO DEATH ON SLED

SEATTLE, Wash., March 10.—Members of the Alaska road commission party which surveyed the proposed road between Nome and Seward arrived in Seattle yesterday and reported finding the body of John Olsen, a prospector, on the trail near Diaketa, sixty miles from the Iditarod, late in January. The body was in a sitting attitude on a sled, frozen stiff.
The proposed Nome-Seward wagon road, 512 miles long, for which congress has appropriated \$50,000, is to pass through the Kushokwim and Iditarod diggings. The surveyors, eight men with a caravan of forty-two dogs, left Nome November 15 and reached Seward February 25.
In the Iditarod there is a scarcity of food, which Eskimos mitigate by driving in 150 reindeer to be slaughtered.

Easiest Way to Break Up a Cold

The Hyomei Vapor Treatment Quickly Opens the Air Passages and Stops the Misery.

TRY IT TONIGHT

Go to your druggist this very day; say "I want an Extra Bottle HYOMEI Inhalant," lay down 50 cents and start tonight just before going to bed to break up that stubborn cold with the wonderful HYOMEI vapor treatment.
Here it is: Into a bowl three-quarters full of boiling water pour a teaspoonful of HYOMEI. Cover head and bowl with towel and breathe for five minutes the healing, soothing vapor that arises.
This method has been known to clear up the head in a few minutes and break up a cold over night.
For catarrh, coughs, colds, asthma, croup and catarrhal deafness HYOMEI is guaranteed. For sale by druggists everywhere. Booklet on catarrh free, from Booth's Hyomei Co., Buffalo, N. Y.

TO NOTE DEGREES OF DRUNKENNESS

City to Separate Various Kinds of "Jags" and Aid "Jagged."

NEW YORK, March 10.—The New York city government has taken the first step toward the establishment of a commission of censors to deal with citizens and visitors who drink too much. This is in accordance with the provisions of a bill passed last year by the State legislature authorizing the city to establish a board of inquiry.
The law permits the officials to establish grades of drunkenness, to release those arrested under probation and patrol supervision, and authorizes the careful investigation of all cases of drunkenness by a staff of inspectors and the establishment of a hospital and farm colony where those who get intoxicated may be confined.
A committee appointed by the board of estimate will "investigate the subject thoroughly and report on the advisability of carrying into effect the law" which is permissive and merely enables the city to proceed if it is found prudent. Mayor Gaynor approved the bill last summer after a public hearing.

THIS BILL MIGHT SERVE AS HINT TO SAN FRANCISCO

ALBANY, N. Y., March 10.—A bill providing for the annexation to New York city of five suburban towns—Mount Vernon, New Rochelle, Tonkers, East Chester and Pelham—will be introduced in the State legislature within a few days. The five towns are designated as the borough of West Chester and will extend Greater New York's territory several miles to the north.
The bill provides for a referendum and special election in each of the towns and cities concerned, on the second Tuesday in May, 1911, when the voters will be permitted to express their ideas concerning annexation.

MEN FIGHT FOR LIFE WITH MOUNTAIN RATS

TONOPAH, Nev., March 10.—Attacked by fierce mountain rats which, in search of food, had burrowed up through the snow lying waist-deep on the ground, a force of men engaged last night in repelling a break in the lines of the Nevada and California Power Company was forced to quit work and fight off the famished rodents. None of the workmen were injured.

CATARRH A SYSTEMIC BLOOD DISEASE

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mucous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the bottom of the trouble and makes a complete and lasting cure by PURIFYING the blood. Then the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason it is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.

SORROWING WIFE ACCUSES AFFINITY

SAN FRANCISCO, March 10.—An alleged fondness for affinities, only one of whom is named in the complaint, is given as the cause of the marital troubles of Jennie and Julius Schonknecht in the wife's action for divorce begun today.

Schonknecht is president of the En-

terprise Grocery Company and the wedding of the couple occurred in June last. Only a week following the marriage, according to the allegation, the couple ceased to live together as husband and wife, the former paying unwarranted attention to Mrs. T. Riley of 720 Florida street and having several affairs with whom he spent time and money, the complaint says. The wife claims further that he borrowed \$550 from her to put into the corporation, but used it for other purposes.

Children—A Circus Tomorrow

A Sure Circus at the Bell—a Delight for the Little Folks

The TWO RUBES, who make the fun in "The Jay Circus" at the Bell this week.

Clowns and funny men make up a great act that is at the Bell Theater this week. In fact, every number on the program is good for plenty of laughs. Of course "The Jay Circus" is the big fun maker of the week.

Dan Sherman is almost too well known to the vaudeville public to require any introduction, and his "Jay Circus" is always good for a ten strike whenever it is seen. With the assistance of Miss De Forest, whose work recently with "Folly of the Circus" was one of the brilliant bits of that remarkable production, there is comedy in big chunks every second the curtain is up on the big show. Two "Rube" characters, one with Sherman himself in the role, constitute the big hit

of the act, and it is accorded a maximum of praise all over the circuit.

The "Jay Circus" produces more comedy in a single show than is largely "public" production of everything that goes to make up the usual vaudeville bill. There is absolutely no plot or sequence to the great number of stunts they pull off, and he it said and remembered that one can thoroughly enjoy every second they are in front for they are nothing if not original, and everything they do has merit. Each and every one of the quartet possesses merit and they work hard and fast to give the snap and glister that an act of that character requires. Send the children sure and you yourself will find much pleasure in the excellent bill provided.

WOMAN OF MYSTERY UNMOVED BY CHARGE

ACCUSED BEAUTY STICKS TO STORY

Declares She Is Widow of Robert Farrelly; Detectives Seek Identity.

SAN FRANCISCO, March 10.—Sticking to the story she told the police, the woman claiming to be Mrs. Henrietta Farrelly, widow of Robert L. Farrelly, an Oakland pioneer, appeared heavily veiled before Police Judge Shortall this morning. She was not nervous nor disturbed in the least, and the fact that she was charged with attempting to gain \$10,000 by fraud on the strength of a mortgage on the San Leandro property of the Farrelly estate, did not seem to worry her in the least. When she had advanced to the judge's rostrum at the calling of the case, she lifted her veil at the request of the court, exposing a beautiful face.

The announcement was made that Attorney Sidney H. Ehrman, who conducted most of the negotiations with the woman, was out of the city and a continuance was asked until Monday. The fair defendant wanted bail fixed, and the bare facts in the case were recited to Judge Shortall, after which he fixed her bonds at \$2000, with the alternative of \$1000 cash.

Detective McGuire, busy at work endeavoring to learn the identity of the woman, and the Pinkerton detective agency have also several men engaged on the case.

SECOND WARRANT.
A warrant was sworn to before Police Judge Shortall this morning charging the woman with obtaining goods under false pretenses. This woman, who informed Judge Shortall today that she hoped to get bail if released on yesterday's accusations, will therefore now have to answer this new charge.

The Emporium is responsible for this second allegation. The cashier, John M. Christianson, swore to the complaint, alleging that representing herself to be Mrs. Farrelly, a wealthy Oakland woman, she obtained goods to the value of \$125.

HAS A PARALLEL.

The attempt of a woman in San Francisco to obtain a mortgage on the Farrelly property had a parallel here ten days ago, according to Attorney Fred L. Button.

When the estate of John C. Willie, a rancher, was being probated at that time, a woman representing herself as one of the heirs asked \$5000 from San Francisco loan agent on relinquishing her rights to a \$2500 legacy left her by Willie.

The agent examined the records and discovered the woman's statements were apparently true. It was not until several months later, when the estate came up for distribution, that the real devisee put in her claims and the agent found he had been victimized.

ANNOUNCEMENTS.

TO START ROUGH AND READY CAMP

Old-Time Mining Town to Be Organized by Order of the Moose.

The committee in charge of the big Moose carnival, which will be held at Piedmont pavilion March 30, 31 and April 1, held a meeting last night and arranged for a number of extra attractions. From the plans formulated the Chili Gulch mining camp will be one of the most unique spectacles ever seen in Oakland.

Chairman A. B. Moffitt has built a miniature town of cardboard, which has been attracting the attention of members of the lodge who have visited headquarters. The big pavilion at Piedmont will be transformed into a mining camp after the plans drawn by Moffitt. There will be nothing missing. The town will be governed by a complete set of officials and all the familiar features of an old-time rough-and-ready mining camp will be included.

The election of officers goes merrily on, with Dr. Jackson, the insurgent, leading the suffragettes, vigilantes and standpaters for the mayoralty. Lou W. Kennedy, the suffragette, is after the support of the ladies and is influencing them to have their husbands vote for the suffragette candidate. Kennedy promises the ladies at least one vote apiece and on this platform he expects to be returned victor.

Henry P. Dalton and Andy Johnson both think they would look fine as justice of the peace and there is keen competition between this pair for the office.

Frank Barnett has established a lead over W. J. Paccini for the office of constable and from present indications the sheriff will get the job. The other offices are being eagerly sought and when the ballots are counted the result is expected to be very close.

WRECKED BRIDGES TIE UP TRAINS

Coast Line and Salt Lake Road Are Not Running on Schedule.

LOS ANGELES, March 10.—Clearing weather is reported from all points south of Fresno today. With the exception of through traffic on the Salt Lake Railroad and the Southern Pacific Coast Line trains are moving out of Los Angeles on schedule today. The Salt Lake reports it will have its through line reopened in two days, and the Southern Pacific expects to resume train service to Santa Barbara on Sunday, and open the through Coast Line to San Francisco by Monday. The loss of a big bridge near Ventura is the chief trouble on the Coast Line.

The Santa Fe reports the loss of a bridge over the San Gabriel River near San Dimas, 20 miles east of Los Angeles, and the Pacific Electric, Southern Pacific and Salt Lake bridges at El Monte. In the same locality, have gone out, causing diversion of trains but small interference with general traffic.

Mysterious woman who declares she is widow of Robert Farrelly.

WOMAN IS SUED BY REALTY FIRM

Plaintiffs Declare That \$9400 Is Due Them for Sale of Property.

Suit for the payment of \$9400, alleged to be due them as commission for the sale of valuable property in Stanislaus county, has been instituted against Mrs. Abbie J. Root of 1215 Oak street, this city, by the real estate firm of Root & Saunders, doing business in Modesto, and motion for the transfers of the case to Alameda county has been granted.

It is alleged by the plaintiffs that they had entered into a contract with the defendant on October 14, 1907, to handle the property on a 10 per cent basis and that on June 22, 1909, in accordance with the terms of the contract they disposed of the property for the sum of \$94,000 to the Sunrise Land Company, but that since the sale they have been refused payment of the amount they claim to be due.

Plaintiffs assert that they were put to great expense in subdividing the property and in securing water rights, as well as in advertising the land for sale.

PHONE BOX.
BERKELEY, March 10.—For the third time within less than two months the telephone coin box in the Southern Pacific station booth at Center street and Shattuck avenue was broken open last night. About \$3 in nickels and dimes were stolen. The box was rifled on the nights of January 24 and February 15.

MERCHANT INJURED IN STREET ACCIDENT

SAN FRANCISCO, March 10.—M. Krasky, a wool merchant of this city, with offices at 52 Sansome street, was painfully hurt by being run down at Market and Ellis streets by a wagon driven by a Japanese at 10 o'clock this morning. He was picked up and transferred to the Central Emergency hospital where Dr. Miller treated him for a lacerated wound of the right temple and bruises about the body. He was taken to his home, 1880 Fell street. The Japanese was booked for battery.

There's no use trying to economize the tobacco line. A cornob pipe for home use carries not enough of dignity for Hor.—New York Press.

SUES LUMBER COMPANY FOR \$20,000 INJURIES

SANTA ROSA, March 10.—D. M. Nobles has sued the Frank Glynn and H. Peterson Mill and Redwood company for \$20,000 for injuries sustained while in its employ. Nobles was on a logging train, which was trying to make a flying switch. He claims that after the coupling pin was pulled to make the switch and the locomotive run ahead, the air brakes were set abruptly through defectiveness, the locomotive stopped suddenly and the car on which he was riding crashed into it. He says there was no opportunity for him to escape by jumping. He sustained two broken legs, a broken right shoulder and a sprained left ankle. He claims he has been made a cripple for life by the accident.

MILLS COLLEGE GIRL TELLS OF ENGAGEMENT

LOS ANGELES, March 10.—Miss Addie Vera Sandison, a well-known society girl, returned from Mills College Wednesday and yesterday broke the quiet of the lenten season by announcing her betrothal to Tirrell W. Fletcher, a young insurance man of San Francisco. Miss Sandison, a classmate, accompanied by a luncheon at the Garland home, where the interesting news of the engagement was given out. The table was decorated with a handsome centerpiece of lilies of the valley and maidenhair ferns, sent down by the groom-to-be, who also forwarded a fine diamond to Miss Sandison. The wedding is to take place in May.

FRA ELBERTUS WILL SPEAK THROUGH TRIBUNE COLUMNS

Purveyor of Happiness Will
Spread His Gospel

EAST AURORA SAGE HAS MESSAGE

THE TRIBUNE has arranged with the Orpheum management and with Elbert Hubbard the famous author, philosopher and wit, for a daily contribution from the East Aurora sage during Mr. Hubbard's stay in Oakland while he appears as a vaudeville attraction at the Oakland Orpheum. Each day THE TRIBUNE will print Mr. Hubbard's message to the people of Oakland. His words will be read with keen interest. The man's personality is of interest to millions. His fame is world-wide. His words carry weight. His wit makes him welcome and his philosophy sets all to thinking. Many oppose him. Many adore him. All read him. Recognizing this fact THE TRIBUNE has arranged to have him speak daily to the Oakland public through the medium of its pages. The Elbert Hubbard talks to Oaklanders will appear in THE TRIBUNE every day for a week, during Mr. Hubbard's engagement at the Oakland Orpheum, commencing next Sunday morning.

Elbert Hubbard is coming to town! Good news.

Well, a lot of reasons why, and then a few more.

One of the reasons is enough. That is this: Hubbard always starts something.

It's a dull world, sometimes, but never when Fra Elbertus is in the vicinity.

Often the sky is gray, and the rain clouds swirl the sunshine into the discard, and all nature weeps, while the bottom seems to have dropped out of the sunny side of life—but not if the sage of East Aurora happens to be on deck.

Ever the sun shines for the Fra; always his golden heart and opal tinted soul and gay, gladsome wit and good, cheer make the weather man sorry he predicted fog and showers.

CARRIES OWN WEATHER.

Elbert Hubbard invariably makes a monkey of the weather man.

How? Well—

Hubbard always carries his own weather.

As usual?

Oh, yes, in seventeen different kinds of ways.

But the point is that Fra Elbertus will be with us soon; right in Oakland, camping on our doorsteps, shining close to our hearth fires, chatting to us out on the front stoop, and saying "hello" and "how-de-do" in his own inimitable "Phillistine" way.

THE TRIBUNE is glad.

It bids Fra Elbertus welcome, even before he arrives.

It gives him greeting, and is sincerely pleased that the famous sage of the country and the Roycroft works is to be one of us.

OWN OWN BRAND.

For one short week the Fra is to cuddle up to our hearts and deal out his own home-made, justly celebrated brand of wit, smartness, philosophy, reasoning, satire, rough stuff and smooth stuff, epigrams, preaching, hair-raising, mirth-inspiring, fun provoking, thought-stirring products.

That's good news.

Now here's some more news. Don't fail to get it. Tell all the folks, too, as soon as you've read it.

Mention it at the club.

Pass it on in the cafes.

Whisper it at the dining table.

Mention it to the man in the street.

Let the postman know about it when he gives you a letter tomorrow.

Don't overlook anybody.

Let everybody get it.

Here it is.

FROM TWO PULPITS.

Elbert Hubbard is going to speak from two pulpits while he's in Oakland.

Just two pulpits—no more.

Over at the Orpheum the Fra will say his say and speak his piece and tell his stories, to three or four thousand people every day, afternoon and night.

His other pulpit will be—what do you think?

Nothing less than THE OAKLAND TRIBUNE.

That's the point.

Every day Elbert Hubbard is in Oakland he will address the readers of THE OAKLAND TRIBUNE with a message designed especially for the men and women and children of Oakland.

Every day this paper will print the Elbert Hubbard message to the multitude.

Every day THE TRIBUNE will resound with the eloquence of the East Aurora sage.

Every day Hubbard will say his mind to California through the medium of THE TRIBUNE.

Everybody will want to know what Hubbard thinks of Oakland—what he thinks of California, what he thinks of the west, what he thinks of vaudeville, and of lots of things.

BEGINS SUNDAY.

Get THE TRIBUNE to find out all the things.

The Elbert Hubbard messages in THE TRIBUNE will begin next Sunday morning.

They will be continued every day for the entire week of Elbert Hubbard's stay in Oakland.

It would be sad if you missed them—if you missed even one.

Make it a point to be among those present when Elbert Hubbard begins to talk to Oakland through THE TRIBUNE.

Elbert Hubbard in vaudeville is an astounding thing—a sensational, a fascinating thing.

Elbert Hubbard every day in THE TRIBUNE will be an even more fascinating thing.

Oh, you Fra Elbertus! We're waiting for you!

Next Sunday!

HUBBARD COMING TO THE ORPHEUM

Elbert Hubbard is coming!

This slogan has been sounded by the Oakland Orpheum management for a fortnight, and the dead walls have proclaimed the fact in big bold black type, so that the entire country by this time knows perfectly well that the sage of East Aurora is on his way to Oakland.

"Millions of people have read Elbert in a \$500 silk bag airship and deposited it at his home."

That's his name is about just the same as

ANNOUNCEMENT.

ANNOUNCEMENT.

ANNOUNCEMENT.

ELBERT HUBBARD, who will write for TRIBUNE readers while he is at the Oakland Orpheum next week.

a household word the country over. Hubbard is a genius in the opinions of many and others regard him as a clever man with a gift for making capital out of his oddities. The net result of the difference of opinion is that Hubbard is very much talked about and that everybody is curious to see just what manner of man he is at close range.

There is no doubt why the Orpheum circuit has given Elbert Hubbard a fabulous salary to deliver his "heart to heart" talks in the Orpheum theater. Twenty minutes Hubbard appears on the stage, and to vaudeville audiences he gives the same brand of philosophy, wit, epigram, story and his own personality that will be found in all the Hubbard writings.

Mr. Hubbard is to appear for the first time in Oakland at the Orpheum next Sunday afternoon. He will be the stellar feature of a great vaudeville show, according to the Oakland Orpheum management, the bill being a sparkling affair which has attracted considerable attention in the way of entertainment, besides the inimitable Elbert Hubbard.

700 DELEGATES TO BE PRESENT

Annual Convention of Y. M. C. A. to Meet in San Francisco.

SAN FRANCISCO, March 10. — The thirtieth annual convention of the Young Men's Christian Association of California, which will be held in this city from March 23 to 28, is the cause of elaborate preparations in the headquarters at the new Y. M. C. A. building, Golden Gate avenue and Leavenworth street, where Secretary H. J. McCoy is now receiving acceptances.

More than 700 delegates from all parts of the State and visitors from many cities throughout the United States will attend the convention here, and among those who have signified their intention to visit the city are Theodore Roosevelt, former Vice-President Fairbanks, L. Wilbur Messer, general secretary of the Chicago Young Men's Christian Association; Frank H. Burt, president of the International Y. M. C. A. training schools, and A. E. Roberts, general secretary of the New York Y. M. C. A.

A banquet will be given to the delegates March 23 and all will be seated in a specially decorated banquet hall in the Palace hotel.

Secretary H. J. McCoy asserted this morning that he expects that the state headquarters of the Young Men's Christian Association of California will have been brought from Los Angeles and placed in this city prior to the convention and this will give an added impetus to the local celebration of the thirtieth anniversary of this state.

The first Y. M. C. A. Convention in California was held in this city thirty years ago, when the Young Men's Christian Association and general membership was in marked contrast to the present day dignity of the big association.

S. F. DELEGATION TO HOLD CAUCUS

Lineup Against Randall Reapportionment Bill Is Planned.

SACRAMENTO, March 10. — The assembly passed Assembly Bill No. 1146 this morning, by Assemblyman Cunningham, requiring ship owners to station men at the hatches of vessels during loading and unloading. Assemblyman Brown's bill also was passed, limiting the amount of interest which may be charged for salary loans to one per cent per month, and prohibiting the making of such loans to any man without the consent of his wife, or to minors.

A caucus of the San Francisco delegation will be held today to consider the opposition to the Randall re-apportionment bill, by which the San Francisco representation would be cut from 27 senators and assemblymen to 16.

The announcement made after the roll call on the free text book bill Wednesday that Assemblyman Cattell of Pasadena was the only member who voted against it was pointed out by the assemblyman to be erroneous, the member who voted against it being Chandler of Fresno.

OPEN GAS JET CAUSES DEATH OF STEWARD

SAN FRANCISCO, March 10. — Pierre J. Dekking, a steward, 55 years old, of 2957 Twenty-second street, was accidentally asphyxiated at his home this morning. The gas jet was found partially turned on and the man discovered unconscious at 7 a. m. He died in the ambulance en route to the Mission hospital.

shall know fully the injustice of the attacks upon me.

IS THE PIANO MARKET CORNERED?

BALTIMORE, Md., March 7. — Wm. Knabe & Co. of this city are now shipping the largest single order of Knabe pianos that ever left their factory. This immense shipment is going to travel 3,000 miles to the Pacific coast to the house of Kohler & Chase. The piano boxes for this order were yesterday hauled to the factory, where they crowded the sidewalk for a solid block, effectively blocking that side of the thoroughfare.

The Knabe plant is now working overtime and the superintendent maintains that with the Kohler & Chase shipment this month will break all former records. The Panama-Pacific Exposition must have created a boom in far away Frisco.

SAYS 'WE'LL PROSECUTE.

SPECIAL SALE OF High-Grade pianos to make room for immense shipment of KNABE PIANOS Sale Opens To-Day at 9 o'Clock

We have just been appointed general distributors for the world-famous Knabe pianos. To secure this great agency we had to place an exceptionally large initial order, and all the Knabe pianos—concert grands, baby grands, mignonette grands and all the various styles of uprights—are now on the way.

To make room on our floors to display these Knabe pianos, it is absolutely necessary to sell off one hundred pianos now—and quickly.

This sale of pianos, one hundred in number, includes standard makes of the world's best pianos in all grades—the cream of our stock. Also a score of brand new player pianos at prices to compel quick buying.

Every piano in this sale is a brand new, perfect instrument—absolutely guaranteed and Kohler & Chase remain here to back up this guarantee. Your money back in thirty days if you want it, without quibbling or question.

No matter what you wish to pay—no matter what others promise, come to this unique sale before buying. We guarantee better values than are offered elsewhere in San Francisco or money back. Any piano bought in this sale will be taken back within one year at full purchase price on a Weber or Knabe piano or genuine Pianola piano. All cash not necessary—easy monthly payments if desired.

This advertisement is not written by a hired professional "ad writer," but is a plain statement of facts written by the undersigned personally.

AIRSHIP FOR SALE

F. Thoms of Daahl-Thoms Awning Co., Has the Distinction of Being the Only Person in the World That Has a Second Hand Airship For Sale

One often reads in the papers about second-hand houses, automobiles and even second-hand coffins, but up to this date the only man that can lay claim to the distinction of having a second-hand airship is Thoms, manager of the Daahl-Thoms Awning Co., 573 Eighth street. The thing happened like this. A little before Christmas last year, when things were slackening up in the awning business an aviator landed in Daahl's shop and jingled some coin. He was literally loaded down with blue prints of an airship which he seemed to be sure would work. Thoms, who had recently been in Germany and had seen Zeppelin's airship work, looked the matter over and saw at a glance that it would not work, but requested the stranger to come and let him hear on the work. A few days after the same man, who gave his name as Von Dusen, landed with another gentleman, a very slick and oily talker. When speaking of it today Thoms said that he was the oldest proposition that

ever landed in Oakland. They jingled some money and talked of having millions in back of them and that made Thoms prick up his ears and take notice. They finally left an order for a \$2500 silk bag airship and deposited it at his home. Daahl-Thoms when seen last night said: "Of course, we are not out any money, the only thing for us to do now is to cut it up and make awnings and tents this year out of silk. Maybe we will make harem skirts at cut rate prices." When asked by the reporter if he thought the machine would fly Thoms said: "The only thing I am sure of is—if it ever goes up, it will surely come down."

FORTY PEOPLE FALL INTO CELLAR AT A FUNERAL

ERIE, Pa., March 10.—Forty persons attending the funeral of Henry Gussman at his home today were precipitated to the basement when the floor collapsed. All were more or less bruised or suffered from shock, and two women were taken home in an ambulance. The corpse was in another room.

The drop into the cellar caused a wild struggle among the mourners, who were lying in three deep. The services were continued in the home of a neighbor.

WHY LOOK OLDER THAN YOU ARE?

SOME PEOPLE ALLOW THEIR HAIR TO BECOME GRAY BEFORE IT SHOULD.

Gray hair is a mark of age, and nothing that can be said as to its beauty will effect the disadvantage of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used Sage and Sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients which make a delightful dressing for the hair, and which not only remove every trace of dandruff but promote the growth of the hair as well.

All druggists are authorized to refund the money if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

THE OWL DRUG COMPANY,

15th and Broadway, 10th and Wash-

ington, 18th and San Pablo.

BERKELEY YOUTHS ON RELIEF SHIP

Arnold Weber and Lewis Kniskern Assistants in Charge of Famine Supplies.

BERKELEY, March 10.—As an assistant in the quartermaster's department and one of those in charge of flour and other supplies for Chinese famine and plague sufferers, Arnold Weber, graduate of the University of California in the class of 1910, sailed from Seattle last Sunday on the transport Buford. He was accompanied by Lewis Kniskern of Berkeley, son of Colonel Kniskern of the United States Army, located at the Presidio.

The Berkeleyans expect to spend a short time in travel through the Orient, returning home within three months.

Weber is a son of Mr. and Mrs. Julius R. Weber of 2811 Channing way. He graduated from the Agricultural college at the University and was prominent in collegiate affairs.

FORT WORTH REFUSES TO PAY FOR ROOSEVELT

FORT WORTH, Tex., March 7.—Because Fort Worth citizens refused to give \$1000 for the privilege of hearing Theodore Roosevelt one hour and a half, his itinerary manager, Cecil A. Lyon, Republican national committeeman from Texas, scratched Fort Worth from the list of cities which Roosevelt will visit in this state.

It is necessary, Lyons said, to employ a special train to carry the former President, from here to El Paso, the cost of which would be \$1000, and Fort Worth was asked to defray the expenses of this special. Roosevelt was scheduled to make an address here March 14 at the Texas Cattle Raisers' stock show.

ACCUSED WITCH DRAGGED TO DEATH

Indians Tie Victim to Horse's Tail; Five Are Arrested.

YUMA, Ariz., March 10.—United States army officers have established a number of facts in connection with the death of the Papago Indian, whose body was yesterday found tied to the tail of a young wild horse. By following back the trail of the horse, the officers were led to a place on miles out on the desert. There they found a stump to which the horse had been tied while the Indian was being led to the animal's stall. There were signs of a desperate struggle.

The trail led to the Papago Indian camp showed that the condemned man had been carried on a donkey to the place of execution. The trail further showed that four men led the donkey and the horse. After the horse was released it ran ten miles at full speed to the river bottom and then wandered about for several miles in all directions.

Five men were found in the Papago camp and they were placed under arrest. One of the prisoners admits seeing the horse wandering about in the bottoms, dragging the body. Persons here who are familiar with the Papago Indian customs are inclined to the belief that the Indian was accused of witchcraft and for that reason was executed. One of the prisoners has further admitted that the young Indian lived in the camp, but says he was crazy.

PARROT DIES IN STATE.

COLUMBIA, Pa., March 10.—"Dicky," an African parrot, lies in a white-lined casket at the home of its owner, Francis X. Ziegler. Dicky was a great pet, and he is to be given a fine burial. His head rests on a silk pillow, and the inside of the casket is entwined with white and green snowdrops. Many persons have called at the Ziegler home to view the "remains."

WITH STATE LAWMAKERS

STETSON HITS THROOP BILL HARD

Scheme of the South to Divide State's Resources Is Scored

Measure Declared to Have Met with Opposition of Alumni of University

(Special to THE TRIBUNE.)
SACRAMENTO, March 10.—In opposing the grant of money by the legislature to the Throop Institute at Pasadena, which aims to become a technological school for the State, Senator Stetson of Oakland, among other things, said that he would prevent the bill which would be visited upon this state by the passage of this bill, I would utter it with all my heart.

"The friends of a higher education have criticism to make because of the stand that has been taken in this case. I agree with Senator Gates that the southern part of the state is not accustomed to hiding its light under a bushel. I want to call your attention to the fact that, with all this unbridled light, he and those who followed him have not exposed the true effect of this move.

"The Institute of technology in the two bills may be very different things. It may be necessary to know what a technical school is. Schools of technology are very simply explained. They do not offer the broad courses of our university.

TRADES SCHOOLS.
"They can be divided into three classes and are devoted to mathematics and technical knowledge, weaving, spinning, dyeing and industrial arts. They are trade schools which give instruction in trades. The train men to be foremen and operatives of various kinds.

"The purpose of this bill is to supply education to young men, to enable them to become leaders in the industrial world, and to furnish them with the great universities which are not devoted entirely to a classical course. This institution is modeled after the plan of the Massachusetts school of technology.

Senator Gates says that what they want down there is an atmosphere of culture and learning to surround the institution. You will readily learn from the gentleman what is wanted if you ask if the school is to be closed with the Willamette or any other school of that class in this state.

"I have an amendment to offer to the effect that a college course is not to be taught and that instruction is to be confined to technical.

SCHOOL OF HIGHEST ORDER.
"They are proposing to commit the state to the establishment of another university. Senator Gates says the school is to be of the highest order. They admit that they are modeling the school after the Massachusetts school of technology. I have a list of what they propose to teach, viz: Electrical engineering, engineering, electrical engineering, paleontology and a number of other things, and yet this is only in the first year.

"They will get the atmosphere but they will not teach a boy a trade. They want to establish, at their doors, an institution which will prevent the youth of the south from going to the University of Kentucky or to the University of California. Every institution to be established in the south would justify the location there of any other institution, not because it is needed here, but because it is sought after by the south. Senator Gates speaks for a section. I speak for the whole state. You can divide up the state but you can't divide up a general university of learning. Divide that up and what have you? That tree of knowledge is the very beauty of our state. You now propose to cut it down and try to make two grow where but one was required before.

"When we give \$500,000 or a million dollars for taxes and endowments, are we doing all that can be done with our present resources.

SERIES OF TELEGRAMS.
"I have a series of telegrams from educators throughout the country. I know the question propounded to them was: 'What would be the effect of a technical school directed against the University of California?'

"The speaker then read a number of telegrams from distinguished instructors in various parts of the country, opposing the establishment of a technical school directed against the University. Among them were telegrams from the presidents of Harvard, Yale, Columbia, the University of Chicago.

"The plant of the University of California represents from \$30,000,000 to \$50,000,000, and it costs a million and a half dollars a year to maintain it. Are you going to run a technical institute in a second-class manner? You are not. You are going to run it in the best manner you can. If the University of California gets a million dollars a year, are you going to be satisfied with a paltry \$125,000 a year? Certainly you are not, because you say you aim to model after the Massachusetts Institute of Technology. Do you know why it costs to run that institute? The cost for the year ending January, 1911, was \$589,915, and yet it was not self-sustaining, with the endowment it has from wealthy men, the state, national government, and with the money it receives from students because each of them pays \$200 a year. But you don't propose to charge tuition here, and yet you can do it. You would make this attempt to interfere with the revenue of the University of California, the greatest educational institution in this part of the western hemisphere and equal to those in the adjoining hemisphere.

"These gentlemen will not consent to the plan of the school by the direction of the board of regents, save as represented by a committee who in themselves would have to be selected in the south. They will not meet us half way on the proposition that this plan would be disastrous to the cause of higher education."

REFERS TO DEBATES.
The speaker then referred to the debates when there was introduced the question of dividing the purposes of the university. Such a division, it was shown, would wound and deprive the university of its effectiveness. He also read from the same debates showing the necessity of maintaining the sovereign-

GENTLY, BAGGAGE SMASHER! SOLONS ARE AFTER YOU

ASSEMBLYMAN C. L. PREISKER of Santa Barbara.

SACRAMENTO, March 10.—Baggage smashing is to become a forbidden pleasure if Preisker's bill, reported favorably by the Assembly committee on common carriers, should become a law. It is provided that the employees of common carriers must use extreme care in handling all baggage and must not throw or let it drop. All carriers of luggage will be required to employ two men to handle each piece of baggage weighing more than 100 pounds.

Senator Boynton's bill, to provide a pension for superannuated teachers, was reported out of the Assembly committee on education yesterday without recommendation. Assemblyman Williams' bill on the same subject has already passed the lower house and is now in Senate committee. An effort will be made to secure the passage of his bill by substituting for his flat pension of \$350 a year Boynton's plan of a graduated scale from \$350 to \$900.

Crippled or injured beggars are made subject to fine and imprisonment by a bill passed in the Senate yesterday and approved by the Assembly some time ago. The present law puts a prohibition on healthy beggars soliciting aid; the bill passed yesterday strikes out the qualification and puts all beggars under the ban of the law.

To leave a natural gas well spouting into the air is made a misdemeanor by a bill passed by the Senate yesterday and by the Assembly recently.

LEGISLATIVE NOTES

PLUMBING BOARD.—Senate bill No. 716, by Senator Finn, providing for the creation of a state board for the inspection of plumbing, passed the assembly by a vote of 45 to 12. An attempt by Assemblyman Polesley to bring about a reconsideration of his measure to prohibit the sale of liquor in public places by women, was defeated by 32 to 25.

FRESNO GETS SCHOOL.—The city of Fresno gets \$10,000 for a normal school by a bill by Assemblyman Chandler being passed by the assembly. It now goes to the senate.

AMEND BILL.—A committee substitute for senate bill No. 261, regulating the practice of medicine in the state, was amended in the assembly to allow practitioners, who have practiced 35 years, and who are over 60 years of age, one line of practice to carry on their profession without a diploma.

FOUR BILLS LOST.—A series of four bills, the most important of which abolished the commission altogether, placing its duties under control of the state forester, was recalled from the senate floor, and put back into the fish and game committee, where it is understood they will die.

ity of the university, which was a trust which every member of the legislature had taken an oath to support. "Take away from the university," the speaker continued, "the forces originally given residence in the university, and you take away from it the purposes for which it was intended. Those men said that the university was put in the constitution so that it could not be divided without letting all the people know about it. You cannot commit this state to that line of policy. Why are you playing with words?"

"The sanction you want is not that the school should be governed by the State of California, but that it should be supported by the State of California. 'I understand that it is said the alumni of the university are opposing this proposition. Why should they not be competent to pass upon it? They have completed their course. They are not going to college again. They haven't heard that they have been unlearning as a unit for this school. There are some intelligent men who have spoken in favor of the technical school but I do not feel that they have considered this in all its phases.

"You say that your young men are compelled to go east to get an education. Where there are over \$400,000 spent to furnish an education and it can not be gotten at the University of California, then in heaven's name, how can you hope to give them an education in the south?"

PRIDE OF THE STATE.

"The University of California is the pride of every well-thinking man of the State. Every section of the State has been benefited by its influence, in the number of men who have received their training in business and professional life at that institution.

"The University of California is the cherished institution of all who love a higher education. They want the technical school to be supported, because there are lots of people who pay taxes down here and because they want the school at their door. We cannot in justice encourage such a move. This is a matter which concerns every man, woman and child in the State. It is not a matter of mere dollars and cents. It should not be a matter of pride or locality. You in the south have things which we have not. Neither you nor I have the right to cause the whole State to suffer because you want to have things at your home."

AMENDMENT GIVES OAKLAND THIRTEEN ADDITIONAL TEACHERS

Bill Basing Number on Average Attendance May Undergo Change; What the County Delegation Is Doing

(By EDWARD A. O'BRIEN.)
SACRAMENTO, March 10.—Through an amendment to the bill which bases the number of public school teachers upon the daily average attendance of scholars instead of upon the school census, it is possible that Oakland may gain 13 instead of losing 29 teachers, as was the case before the introduction of the amendment.

Under the same conditions, San Francisco's teaching force would be increased by 96 instead of being decreased by 98 instructors, thus restoring, practically, all the teachers whom it was thought the schools would lose.

Under the census plan, San Francisco had 74,721 children with 1068 teachers. Under the daily average attendance plan San Francisco public schools has only 33,959, with 970 teachers.

COGHAN'S AMENDMENT.
The amendment in question was offered by Assemblyman Coghlan and purposes, on the ground of the increased cost of superintendence, to allow two extra teachers for every 700 public school scholars in daily average attendance.

This amendment is based upon the plan of the superintendent of schools of Oakland, J. W. McClymonds, who suggested, on the ground of the cost of superintendence, that two teachers be allowed for every 1000 children in daily average attendance on the schools. As Oakland has under the attendance plan 14,921 pupils, the McClymonds plan would give her only 28 more teachers, which would practically restore the teachers lost by the proposed attendance plan, while, under the Coghlan amendment, Oakland would receive 42 teachers, which would increase the census number of teachers by 13, or a total of 463.

PASSAGE IN DOUBT.
There is some question as to whether the bill will be passed because of the adoption of this amendment.

Under the present law, the number of school system of San Francisco took pains to show why the daily average attendance plan should not be adopted. Under the census plan, it was shown that one teacher was allowed for every 70 scholars. Under the daily average attendance plan 35 scholars had been selected for the same purpose. There was no reason, it was claimed, why the number of 35 should be selected, save because it would add to the revenue of 46 counties in sums ranging from \$35 to \$31,768.

Under the other hand, there were counties which would lose sums varying from \$27 to \$28,084. The largest losses would be sustained by the counties of Alameda and San Francisco, the loss of the former being \$6947, while that of the latter would be \$28,084. In order, however, that small school districts might receive sufficient money, a new factor had been introduced, and that was the allowance of an additional teacher for a fraction of ten or more units over 35 in daily attendance.

GIVING ADVANTAGE.
If, under the present law, one teacher was to be allowed for each school district, the school districts which were composed but one school district, could have but one fraction of ten children. As a consequence, there was a great increase in teachers to counties having a large number of school districts, and to those having the greater number of fractions.

Another factor to be considered was the cost of maintenance, construction and supervision of schools in cities, which is much greater than in the rural districts. San Francisco paid interest on bonds alone amounting to \$500,000.

These facts it was stated, impelled the offering of an amendment that two additional teachers be allowed to each school district having 70 scholars. The motion was adopted and the vote on the passage will be awaited with interest.

PROBE WOLFE BILL.

Two well-known citizens of Oakland came here this morning to examine the latest of the bills proposed by Senator Wolfe of San Francisco, with which to annex Oakland and all the other cities around the bay to San Francisco. Both of them were surprised at the objectionable features which they found in the measure. Speaking on the subject, one of them said:

"I notice that there has also been a

"I had been given up to die by three of our best doctors,

I could not stand it to be on my feet and I was so swelled in the abdomen I could hardly breathe.

But thanks to Dr. Miles' Heart Remedy and Nerve I am able to be about the streets, a walking advertisement of the curative qualities of your remedies, although I am 70 years old."

JOHN R. COCHRAN, Lewistown, Ill.

Better than any statement we could make regarding the value of Dr. Miles' Heart Remedy.

are these words of Mr. Cochran. He speaks from experience, the highest possible source of knowledge. If you have any of the signs of a weak heart, such as pain in the left shoulder or arm, fainting and hungry spells, shortness of breath, smothering spells, fluttering or palpitation of the heart, you need

Dr. Miles' Heart Remedy which for over twenty years has been recognized as the best preparation of its kind to be had.

Sold under a guarantee assuring the return of the price of the first bottle if it fails to benefit. AT ALL DRUGGISTS. MILES MEDICAL CO., Elkhart, Ind.

An Extra Value ELASTIC GORE "BON-TON" CORSET \$3.50

their money after having carried out the conditions of their contract.

AFFECTS OAKLAND.

The Assembly has adopted an amendment to a bill allowing the State Medical Association to permit one Bohannon, a resident of Oakland, to treat cases of cancer without undergoing examination as a physician or surgeon, but simply on a demonstration of the methods employed by him. The amendment, however, was in general terms, specifying that such exception was to be granted to people who had made a specialty of treating certain diseases for 35 years, fifteen of which were spent in California.

A motion to reconsider, however, was made and friends of the motion feel they will be able to defeat the bill.

The opposition was led by Assemblyman Rogers of San Leandro, who stated that Bohannon had been arrested in Oakland on the charge of practicing medicine without a permit. The accused had been convicted. An appeal was taken to the Superior Court, where another conviction resulted. Another appeal was taken to the Court of Appeals, where the decision of the lower court was affirmed.

Several people spoke in favor of the petitioners, some of whom said they knew of good work done by Bohannon.

BILLS SIGNED

Assemblyman Griffin's bill (H. B. 781) making irrigation bonds legal investment for banks, after approval of a commission is given them, was signed by Governor Johnson yesterday.

The governor also signed two bills by Assemblyman Crosby, authorizing the creation of machine gun companies in the National Guard and allowing the governor to permit civilian organizations to drill and bear arms under supervision of the adjutant general, and a bill by Senator Birdsall allowing the state bacteriological authorities to establish branch laboratories. These probably will be at Fresno and Los Angeles.

A number of minor bills also were signed.

ASSUMING INDEBTEDNESS.

Another sample:
"The consolidated government thus formed shall assume the indebtedness of the municipalities composing it and the charter may provide for the adjustment of the burdens of existing indebtedness as justice may require. The Legislature shall by a general law, provide for the division of the county indebtedness so that the new city and county shall have a fair proportion of the property and become liable for a fair proportion of the debts of the counties from which municipalities are taken by consolidation."

Deputy District Attorney Clark of Oakland has prepared an amendment to be offered to Cammett's constitutional amendment which later aims at the formation of a charter for the government of counties after the manner of governing municipalities. The amendment of the senator from Amador is known here as the "county home-rule measure." It provides for the petitioning of the state to permit the creation of a county by a certain number of residents of the county to call an election for the purpose of electing a board of freeholders to frame a charter for the government of the county. The rest of the proceedings are in line with those followed recently, when the city of Oakland formed her new charter.

The amendment which Clark has prepared is made to section 1, page 3 and line 58, it aims to prevent, in the case of the Cammett measure being adopted, the terms of officers in position at the time of its adoption, being affected, under the same shall expire. In this way a special election will be attendant expenses, will be avoided.

AMENDMENT'S TEXT.

The text of the amendment is as follows:
"For all officers now holding their offices by virtue of an election, to hold said offices until the expiration of the terms for which they shall have been elected."

The notice of reconsideration given last Tuesday night with respect to the bill of Senator Strobridge, regulating the kind of shows which shall be presented in nickelodeons, determining the seasons of the year and the hours of the day and evening in which the shows may be attended by minors without the presence of a guardian, was allowed to pass without being taken advantage of by the mover and, as a consequence, the bill is now safely on its way to the Assembly.

The bill introduced yesterday ago in the Senate by Senator Hans, permitting banking institutions to invest in sewer and sanitary district bonds, passed the senate last night by a unanimous vote. The bill is, of course, couched in legal terms, but is of special use and interest in the district recently annexed to Oakland, where the building of sewers under the auspices of the city of Oakland, in a number of new districts, is soon to be undertaken for the purpose of improving the sanitary condition of that section. The issue of the bonds is limited to fifteen percent of the assessed valuation of the district. Aside from the fact that these bonds thus become surties there is another advantage, namely, that the contractors know they will not have to wait when the time comes to collect

PLAN TO READJUST SENATORIAL DISTRICTS

County Delegation at Work On Details of Proposed Changes

(Special to THE TRIBUNE.)

SACRAMENTO, March 10.—There will be no attempt made by the Alameda county delegation in the legislature this year to increase the number of Senators in that county, the reason given being that the population is not large enough for five Senators as it was hoped it would be.

There will, however, be a readjustment of the lines which separate the present four senatorial districts of Senators Stetson, Tyrrell, Strobridge and Hans. This was tentatively agreed upon at a conference which was attended by the Senators referred to, as also District Attorney Donahue, County Treasurer Kelly and Deputy District Attorney Leon Clark, all of Oakland.

EQUALIZING POPULATION.
The recasting of the senatorial district lines has been decided upon with a view to equalizing the population in the several districts.

At the present time the Fifteenth district, which is represented by Senator Stetson, has, in round numbers, about 35,000 residents, whereas the

population of the Fourteenth district, represented by Senator Hans, has but 21,000; that of the Sixteenth, represented by Senator Tyrrell, has 66,000 inhabitants, and the Thirteenth, represented by Senator Strobridge, has 23,000.

It seems likely that about 11,000 and perhaps more will be taken out of the district of Senator Tyrrell. Probably 5000 more will be transferred from the same district to the district of Senator Hans and, in turn, there will be chopped out of Senator Hans' district the Broadmoor precinct, which lies just outside the eastern limits of Oakland. This precinct will be added to the district of Senator Strobridge, thus causing that delegate's district to include all the interior of the county.

As a result of this slicing up of the territory the population of the several districts would be as follows: Stetson's, 79,000; Tyrrell, 77,000; Hans, 76,000; Strobridge, 23,000.

BASED ON MAPS.

This tentative plan was based upon the showing made by maps prepared by County Surveyor Haviland, which showed the present precinct and senatorial lines, together with the population of each precinct and the vote cast by the same at the last general election.

The Assembly committee on reapportionment has adopted the report made by its sub-committee in the dividing of the state into assembly and senatorial districts, which was published in full in THE TRIBUNE a few days ago.

Tomorrow it is understood that there will be a meeting of the Assembly for the purpose of discussing the changes necessary for the accommodation of eight instead of seven Assembly districts which are now in the county.

DEAL IN REALTY LEADS TO SUIT

Finance Company Accuses a Point Richmond Concern of Deception.

SAN FRANCISCO, March 10.—The Realty Bonds & Finance Company filed a suit here today against the Point Richmond Canal and Land Company for \$16,589.25 commission and \$30,000 damages, as the result of a realty deal in the city of Richmond.

The fact that such a suit was to be begun had already been intimated, and it is the claim of the real estate people that they were told that a canal would be built, and the earth excavated would be used for the making of streets and the filling in of land which was sold to home builders on the strength of these representations.

The Realty Bonds & Finance people declare that a contract to this effect was entered into September 15, 1907, and that there is due them on commissions \$16,589.25. They aver that workmen to whom they have sold lots have been clamoring because the canal was not put through and the street elevated as stipulated, and declare that their reputation has been damaged to the extent of \$30,000.

SUIT IN OAKLAND.

Suit for \$50,000 in commissions and \$30,000 damages was also filed in this city yesterday by the Realty Bonds and Finance company against the Point Richmond Canal and Land company, H. C. Cutting and H. W. Wernse, leading stockholders of the defendant concern, are made defendants as individuals to the amount that their stock bears in proportion to the whole. The sum of \$17,892 is asked from Cutting and \$14,910 from Wernse. The Realty Bonds and Finance company alleges that the Richmond company entered into an agreement to pay it a commission on all property sold between certain dates, and claims that the value of property so sold entitled the Realty Bonds and Finance company to the \$30,000 commission sued for. It claims none of the commission was paid.

FIFTEEN TO ACT IN SUPERIOR COURT

Outside Judges to Hear Cases in San Francisco Departments.

SAN FRANCISCO, March 10.—Beginning Monday, March 20, there will be 15 departments in the superior court in San Francisco. Clerk Thomas Mulvey, secretary of the court, has communicated with forty judges of the state, many of whom have signified their willingness to serve here. They will be asked to come for not less than thirty days each, and the next week the 15 local judges will meet to name and select who will open the new departments. The expenses of the visiting jurists, other than their salary, will be borne by this county. All of the courts are to be located in the Grant building, extra department 13 on the fifth floor, and extra departments 14 and 15 on the fourth floor.

HARVARD REACHES SAN DIEGO PORT

Delay in Arrival of Steamer Not Due to Government Orders.

SAN DIEGO, March 10.—The steamer Harvard of the Pacific Navigation Company's line, arrived in port on her first trip to San Diego shortly after 3 o'clock this morning, many hours late. The ship brought 73 passengers, none being soldiers or government officials. The Harvard was delayed in San Francisco on account of repairs made in dry dock; also at San Pedro on account of washouts between that place and Los Angeles, which delayed the train connection with the steamer, but Captain Jensen says no delay was occasioned by government war orders, as reported.

STRYCHNINE WAS CAUSE OF DEATH

Peddler Takes Poison With Suicidal Intent and Dies in Hospital.

Harry Atkinson, a peddler, 21 years old, sometimes known as Harry Driscoll, a native of Texas, tried to poison himself with a dose of strychnine in his room in a house at the corner of Seventh and Washington streets last night and was removed to the Receiving Hospital by the police. In spite of prompt medical attention by the hospital force, however, he died this morning at 7:30 o'clock and the body was removed to the morgue.

In an hour the trouble's over. Carry Cascarets with you, for to wait means to lose a day. See how this candy tablet quickly alters everything.

Yest-pocket box, 10 cents—at drug-stores. People now use a million boxes monthly.

HIGH WIND BLEW OUT THE GAS

As a Result John Sheridan Was for a Period Near Point of Death.

John Sheridan, 68 years old, living at 854 Bonoli street, went to sleep last night at his home and left the gas burning. Some time afterwards a gust of wind blew out the flame and had Sheridan not awakened at the critical moment, he would not doubt have met his death. As it was he suffered from a bad case of asphyxiation. He was taken to the Receiving hospital by the police where the cause of complaint was removed by Steward Emley. This morning he was able to return to his home.

SOLDIER FOUND HALF CONSCIOUS IN STREET

Picked up on the streets last night in a semi-conscious condition, James A. McIntyre, a soldier in the United States army who stopped off here on his way to New Mexico, was revived at the receiving hospital and there told a story of having one glass of beer, after which he remembered nothing. In the meantime his train had left for the south. He had been assigned to the New Mexico station for the benefit of his health, having recently been discharged from a government hospital where he had been confined for 29 months.

Plumpness Makes Health Thin People Heed This.

If you are too thin; if you are pale and bony; if what you eat seems not to strengthen you; if your lips and cheeks are colorless, it is because your blood is deficient in red corpuscles and disease can easily overcome you, as you have no reserve strength or nourishment to uphold you.

A pharmaceutical product, called 3 grains hypo-nuclease tablets, is much prescribed for these conditions, and if taken for several months, rapidly increases weight and improves the color. Buy in sealed packages of any well stocked apothecary shop.

Pain-Away-Pills do not depress the heart. For headache, neuralgia, etc., all druggists.

Mrs. William Birt entertained a group of the younger matrons and girls today at a sewing bee. The members meet fortnightly for an afternoon with their needlework, followed by a social hour. Among the members are Mrs. Harry Earl Leach, Mrs. William Ross Childs, Mrs. David

the house guest of Miss Helen Swayne, who has been made the inspiration for a number of elaborate affairs to take place during the coming weeks. On Monday Mrs. Louis James will entertain for her; on Thursday of next week Mrs. Robert Swayne will give a luncheon and bridge in her honor.

"Oh, how it grieves my poor old bones,"

"I must inquire good Mr. Jones,"

"I cannot sleep with this church woman."

Mr. Jones was the superintendent of the institution.

"With all my afflictions," said Miss Holmes, "the world has been good to me."

Miss Holmes said her blindness was due to smallpox, which she contracted while crossing the ocean with her parents to this country. She was born in England, and her father was a

SAN JOSE, March 10.—Mrs. Mabel Mastick Sisson McAneny, the beautiful divorced wife of the late George B. McAneny, the millionaire mining operator, won the first point yesterday in the legal battle between herself and Mrs. Elizabeth McElwain, the aged sister of McAneny, by having her petition granted for the admission of the will made by McAneny in New York to probate in this county. Mrs. McAneny was represented

OAKLAND'S BOYS

"Ward two is far the most violent and depraved, the punishment ward, and there I was sent from the first. Was it any wonder I learned a lot of bad language?"

"Sometimes when the women get nervous and then hysterical a keeper who is a prize fighter comes up to 'correct' them. He has brute force."

It is the intention of Mrs. McAneny to prove that the will which McAneny made in New York is valid and that it was made prior to the time when he became mentally unbalanced. She will also attempt to prove that McAneny, although he died in San Jose, was not a resident of this county.

Attorneys for Mrs. McElwain will endeavor to prove that the will is void.

Miss Eva Buchman, one of the most popular graduates of the class of 1910 of the Manual Training and Commercial high school, is making

Chabot Observatory Hall this noon by the students of the Oakland High School. Prominent among the speakers were former athletic stars of the local high schools, the players of the basketball team, and

the basketball team. In the Oakland High School quartet including Ed Melvin, Frank Dill, Charley Fulweiler and Rhea Taylor, shared several selections and the Oakland High School band also gave several numbers. The band's Howard Sargeant and Assistant Leader "Puss Worden" led the rooster in their yells, and in the singing of the school hymns, "All Hail to the Blue," "The Oakland High Stear Song," and "The Lamentations of Berkeley High." Principal C. E. Keyes, "Pop" Sutton and Coach Frank Boock also addressed the students on "School Spirit in Athletics."

TO RUEF
CLAIM IDOL
OF STAGE

Thousands Send Greetings to Imprisoned Man; Office Is Flooded.

SAN FRANCISCO, March 10.—The offices of the attorneys of Abraham Ruef have been flooded since his incarceration in the state prison with myriads of post cards and letters from sympathizers all over the state, offering aid to the lawyers in bringing about the freedom of the former boss.

Attorney Keane stated this morning that he found it almost impossible to read all of the missives which had come to him, and the other attorneys are busy on the petition for a rehearing.

"There seems to be a lot of people who would like to see Ruef go free," said Keane, "judging by the heavy mails that come to this office. The attorneys are busily engaged on the necessary labor attached to the preparing of the petition to be filed in the State Supreme Court, and I don't look for it to be ready before Wednesday next."

INVITE RIVALS TO
WILSON MEETING

BERKELEY, March 10.—One of the most unique political gatherings ever held in Berkeley will take place in the high school auditorium next Monday evening. It is the candidates running under the auspices of the Good Government League accept the invitation of the Socialist campaign committee to be present this evening at the opening of J. Stitt Wilson's mayoralty campaign.

Today Secretary E. J. of the Socialist committee sent out separate invitations to all candidates other than Socialists at present at the state. Mayor Hodghead is invited to the evening with Wilson as a special guest.

The Good Government League club has decided to endorse J. W. Berry (incumbent) and F. F. Connor as commissioners. It has been found that Connor's business affairs will enable him to devote most of his time to the duties of the office.

Leading Man of Ye Liberty Scorns to Reply to Jackson's Statements.

Sydney Ayres has a temperament of his own. When it comes to a show-down he is famous prima donna's temperament has nothing on the leading man of Ye Liberty. Nay, nay, don't think it for a moment.

"I don't wish to make any reply to the statement of Manager Jackson," he said this morning, while the Olympian majesty of his manner lent an added dignity even to the Jovian curls on the histrionic brow. "He, of course, wished to make the matter appear favorable to his own side. The matter is not important enough to warrant taking the trouble of making a reply. In fact, I consider it quite beneath my dignity to do so."

"The only answer I wish to make is this—that I have been the leading man of Ye Liberty for more than two years. In that time I have played a range of parts of every kind, from Shakespeare to low comedy, with a company of actors who have been my closest and dearest friends. I think those facts speak for themselves. The length of time I have been with the company and the status of the company during that time is the best reply that Manager Jackson's charges can receive."

HIS CURLS NOD.

The Jovian curls nodded again as the actor, who has been the idol of matinee girls for 10, these two years, clubman, social favorite and man about town, drew himself up to his full height and proudly repudiated the base insinuation that he was a trouble-maker and dilatory in his work, as had been said by the manager. Outraged dignity was in his air. He was too proud to heed the clamor.

"The number of telegrams, letters and telephone messages I have received from people all over the city since this news became public has shown me that I am liked by some people at least, and will be missed by them. That makes one feel good even in such a situation as this. It is a great big feeling to know that you will be missed!

"I have my plans laid now to start a tour of the Orpheum circuit at once. I have received a splendid offer and have decided to take it up. I have a sketch of Western life in which I starred all over the Eastern circuit before coming here, and I intend to use it again now."

"I only ended my tour in the East to come here to be with my mother, who lives here. I will have a beautiful

The Leading Man's Career Is Not Always Sunshine and Violets.

THROOP BILL TO WORK FOR
MAY GO TO
COURTS
PASSAGE OF
MEASURE

Senator Stetson Hints at Legal Battle if Measure Is Passed.

SACRAMENTO, March 10.—Senator Caminetti took up the controversy over the establishment of a State Polytechnic School at Pasadena, taking over Throop Polytechnic School for that purpose. He made an extended and careful argument on the constitutionality of the measure. Possibility that the bill, if passed, will be fought through the courts, was intimated by Senator Stetson. Senators Wright and Hurd spoke for the bill.

The Senate today concurred in Assembly amendments to Senator Boynton's bill by which saloons are prohibited within a three-mile radius of the State Farm at Davis. The bill originally provided a one-mile radius.

The Senate refused to concur in amendments by which the Assembly raised the number of challenges for each side in capital punishment or life imprisonment cases, from 15, as provided in a bill by Senator Rossberry, to 20.

Senator Gates offered a concurrent resolution inviting the G. A. R. to hold its annual encampment for 1912 at Los Angeles. An appropriation of \$25,000 already has been made by the State for part of the expenses of the encampment.

Six Members of Builders' Exchange Depart for Sacramento.

A committee of six from the Alameda County Builders' Exchange left on the 12:30 train from the Sixteenth street depot for Sacramento, where tonight an effort will be made, in conjunction with a committee from the California Building Law association of San Francisco, to have the measure known as the mechanic's lien bill, passed through the senate.

The action is the result of a conference held at the Builders' Exchange Wednesday evening, it being the sense of the body that the present law places a premium on dishonesty on the part of unprincipled contractors. Petitions signed by members of the exchange and many citizens requesting Senators Stetson and Gates to withdraw their opposition to the proposed measure will be presented to them tonight.

Petitions are still being circulated and an effort is being made to get the cooperation of the Building Trades Council in the fight.

The bill is to enable laborers or parties providing material for a building to hold the owner responsible regardless of the contract under which the building is to be erected. Those in the delegation are: H. L. Walker, chairman; L. N. Cobble-dick, John Laughlin, J. F. Maganini, Hugh Hogan and James H. Pedgriff, president of the exchange.

RICHMOND MAY
GET NEW FACTORY

Member of Auto Firm Looks Over Town for Site for Manufactory.

RICHMOND, March 10.—An automobile factory will most likely be one of the new industries to be established in this city during the year. An owner of a large eastern concern has been here looking up a site and says he is satisfied with the rail and water shipping facilities of Richmond and that the cheapness of power here is a revelation to him.

J. W. Mack of the firm of Mack Brothers, auto truck manufacturers of New York and Allentown, has been here with H. C. Cutting of the Richmond Industrial Commission, looking for a site for a plant his firm will establish on this coast. Superintendent Kinney of one of the local power companies surprised him by the information that electric power would be supplied him cheaper in Richmond than in any other place in the state, and at about one-half what he pays in the East. The cheap rate here is probably due to oil competition.

Mack is to make a report to his firm and it is expected that the plant will come to Richmond.

Auction Sale!

Real Estate and Furniture Auction Sale

of the beautiful and modern home, No. 1110 Santa Fe avenue, near San Pablo avenue, and between 53d and 54th streets, Oakland, and the entire and up-to-date furnishings of same. Matrimony No Barrier
To Tree of Knowledge

Wedding Bells and School Bells Ring for Twelve-Year-Old Bride.

NOT AS BAD AS MEN.

"The women on the stage aren't as bad as the men. There is more excuse for their being that. But the men are impossible to deal with after a course of adulation and flattery such as they receive."

"If Ayres had said nothing, it would have passed as a resignation, as we intended it should. I am so sorry to have to say anything about it, but after the attention it has received I had to make a statement of the plain facts of the case."

So the matinee girl must lose her hero. She will have to crunch her chocolates and shed her tears to the dulcet tones of some other glorious Apollo of her fancy. The "tag" has been spoken and the curtain is about to fall on the last scene of Sydney Ayres' stay at the local playhouse.

CINCINNATI, March 10.—Matrimony does not bar any one from attending the public schools of Cincinnati, according to a decision rendered yesterday by Superintendent of Schools Dyer, when he reinstated Carmelia Stump, a 12-year-old bride. Carmelia has only reached the first reader, but when it was ascertained some days ago that she had been married, she was ordered to discontinue her attendance in the public schools, it being held that the influence of one who had taken upon themselves the duties and obligations of married life might be detrimental to the other children. For a week Carmelia missed her studies, but Superintendent Dyer's order yesterday returned her to good standing and she attended her class session.

BERKELEY TEACHER WRITES OF PLAGUE

Infection Is Spread by Breath
of Victim; Situation in
China Outlined.

BERKELEY, March 10.—That the reports of the plague in China are grossly exaggerated is the statement of Prof. John L. Dobbins of the Imperial Pei-Yang University, of Tientsin, China, in a letter to his parents, Mr. and Mrs. H. J. Dobbins, 2500 Warring street.

Prof. Dobbins who graduated from the University of California in 1907, is instructor of engineering in the celebrated Chinese university, having been a member of the faculty for the last two years.

The following is an extract from his letter:

"During the past week there have been several new developments in this part of China in regard to the plague, and I am going to keep you well posted on the subject, so that you need not be alarmed by some of the extravagant newspaper accounts, some of which are already known to have been sent out by correspondents here.

"The plague seems to be spreading rather rapidly, which at first caused me to be somewhat alarmed. But with the spread of the disease there was also a better opportunity to obtain information about it. I have learned that this form of the plague is not the form which is spread by rats, but that it can be spread by direct contact with a victim, in which case the infection is spread by the blood, and therefore there is no danger of its being transmitted through the malls.

"The germ that does the work cannot survive longer than three to five hours outside of the body, and therefore there is no danger of its being transmitted through the malls.

ISOLATED SPOT.

"As a general welfare precaution for our own community we are having all of our servants inoculated, in addition to keeping them out of town, so that we have something of an isolated community for our own and are quite safe.

"Just now, however, the Chinese New Year and the prevalent custom of every one returning to his home for the occasion gives one of the best possible opportunities for the disease to spread, so we are waiting for the report of the next four or five days with great interest, and the chances for other means of spreading are slight. But in any case, we at the university are quite safe from any danger of it reaching us.

"During the last month there have been fourteen cases in Tientsin, and each of these has been isolated immediately, so there has been little opportunity for them to spread the disease. These fourteen cases have all occurred in three separate houses, showing that all of them have come from just three sources of contagion, all of which are now isolated. I am going into this detail as I stated before, just so that you need not believe that the disease is spreading, and that the people are dying faster than they can be removed from the streets, and other similar exaggerations.

"Harbin, way up north, has the worst record with a total of 2700 deaths from all causes in the last three months. Mukden, somewhat further south, and about 400 miles from Tientsin, reports a total of 37 deaths from the plague, and there have been about forty reported deaths inside of the great city wall, including the hospital at the isolated hospital of the railway administration, in connection with the quarantine station at Shanghai Kuan."

ST. PATRICK'S DANCE TO BE GIVEN BY COUNCIL

ALAMEDA, March 10.—California Council, Young Men's Institute, will give the final dance of its series Friday evening, March 17, in Adelphi hall. Green, red and white will be the decorative schemes. The committee in charge consists of A. J. Smith, chairman; D. F. Munton, J. Tulloch, I. J. Mendizabel and E. A. McAuliffe.

CELEBRATE 19TH ANNIVERSARY OF O. E. S. CHAPTER

MRS. ELIZABETH W. COMBS, W. M. of Carita Chapter, who arranged the banquet.

ALAMEDA, March 10.—Mrs. Elizabeth W. Combs, worthy matron of Carita Chapter, Order of the Eastern Star, arranged a banquet for the members of the order last night, which celebrated the nineteenth anniversary of the chapter. Worthy Matron Mrs. Combs was assisted by Worthy Patron H. Strachan; associate matron, Mrs. A. Barstow; secretary, Mrs. George Sturtovant; treasurer, Mrs. H. Strachan; conductress, Mrs. H. M. Hammond; assistant, Mrs. B. Bryant.

Worthy Patron Strachan acted as toastmaster. The guests of honor were Mrs. A. J. Combs, Mrs. E. M. Smith and Mr. and Mrs. J. H. Nobman. The center decoration of the banquet table was a large birthday cake with nineteen candles adorning it. A complete story of the installation of the Eastern Star, which was held in 1872, was given by Mrs. J. H. Nobman. Mrs. E. Minor Smith, who was present at the installation of 1872, read an original poem relating incidents connected with that event.

Covers were laid last night for 125 guests.

UNIVERSITY LAW MEN INTERESTED IN BILLS

UNIVERSITY OF CALIFORNIA, March 10.—Two bills now pending before the state legislature are exciting the interest of the law students of the university. Both bills relate to the admission of law students to the bar. The senate has already passed a measure to allow the graduates of the San Francisco Night Law school to be admitted to the bar on motion. This will place that school on a par with the Jurisprudence department of the University and Hastings, Stanford and the University of Southern California Law schools.

The assembly has passed a bill to allow only the graduates of the Hastings Law school to be admitted on motion, forcing all other graduates to take the regular bar examinations.

CANDIDATES FILE THEIR PETITIONS

Political Horizon Clears With
Knowledge of Who Will
Run for Office.

ALAMEDA, March 10.—All doubt as to the candidates for election to municipal offices on April 10 will be cleared tomorrow when all petitions of candidates must be submitted to City Clerk F. B. Browning. The office of the city clerk will remain open until 6 o'clock tomorrow afternoon, according to the provision of the city charter which states that the petitions must be filed thirty days before election and cannot be filed before sixty days preceding the election.

Following are the petitions which have already been submitted:

Mayor, W. H. No. incumbent; George H. Fox, Socialist; City treasurer and tax collector, Oswald Lubbock; J. H. Reese, Socialist; City auditor and assessor, Fred J. Croft; Incumbent; J. H. Warner, Socialist; Councilman at large, Joseph J. Stackler; J. S. Welp, Socialist.

Councilman Fourth ward, E. B. Bullock, Incumbent; L. W. Lovey, Independent; E. J. Patterson, Socialist; Councilman Second ward, William Hammond, Jr., Incumbent; H. C. Lassen, Independent; A. H. Breckwoldt, Socialist; Councilman Second ward, Peter Christensen, Incumbent; Edward J. Hackett, Socialist.

Councilman Seventh ward, E. J. Probst, Incumbent; R. C. Dunbar, Socialist.

There are only five council seats to be filled, four of the present members of the council serving another term.

As the petitions of Edward J. Hackett, Socialist, candidate for councilman from the Second ward, and F. S. Welp, Socialist, candidate for councilman at large have not the required number of signers, they have been returned to their owners.

G. Moebus has withdrawn as a candidate for councilman at large.

TO BRING NEW NAVEL ORANGE TO CALIFORNIA

UNIVERSITY OF CALIFORNIA, March 10.—Thousands of young orange trees of a new navel variety are to be shipped from Washington, D. C., to California to be tried out.

Professor E. B. Babcock of the department of agricultural education at the State university, has been inspecting the new orange and arranged to introduce it in this State.

It has been tried and tested by the United States Agricultural Experiment Station at Washington. It was discovered by an accident, and is expected to prove a boon as a harder type of fruit, possessing better shipping qualities and adapted to cold climates than the present variety of navel.

The variety was secured by the Government men by crossing the Kumquat, a tiny round orange, with the native orange seedling, the result being a uniform thin-skinned compact orange, full of juice and extremely delicious. A peculiar outgrowth of the new discovery lies in the fact that all the seeds produced are not hybrids, some of the seeds turning out to be the same as the parent seeds not having yet been tried out by the Government authorities.

Professor Babcock returned yesterday from an extensive trip in the East, making a visit to the agricultural experiment stations in many States.

The trees are expected to be ready for distribution in about a month and will be distributed in the larger orange growing centers.

STUDENTS ILL FROM EATING BAD MEAT

BERKELEY, March 10.—More than 125 students have been treated at the university infirmary recently after eating bad meat, according to Dr. George E. Reinhardt, president of the board of health, who is preparing an ordinance providing for meat inspection in Berkeley.

Dr. E. N. Ever, health officer of Oakland, is gathering data for the new ordinance, and expects to be able to start drawing up the ordinance in a few days. The ordinance has passed the milk ordinance to print, and is working on some changes in the milk ruling.

It is undoubtedly true that we in Berkeley are consuming a lot of meat that should not be offered for sale, especially since Oakland has been inspecting meat for the past month, which has doubtless caused a lot of bad meat to be diverted here.

IMPROVES INDORSE WILSON.

BERKELEY, March 10.—Longfellow Improvement Club has endorsed J. Stitt Wilson as a candidate for mayor. Wilson will open his campaign in the high school auditorium Monday evening.

BERKELEY CHAMBER CONSIDERS BOND ISSUE

Board of Directors Invite the
Mayor and City Officials
to Speak on Subject.

BODY TO SUPPORT ALL
PROPOSED IMPROVEMENTS

Secretary to Collect Funds to
Aid Starving Chinese
in Far East.

BERKELEY, March 10.—There was a preliminary consideration of the proposed school bond issue of \$400,000 at last night's meeting of the board of directors of the Berkeley Chamber of Commerce, and it was decided to invite Mayor Hodghead, the members of the City Council, Superintendent of Schools F. B. Bunker, and members of the City Board of Education to supply detailed information concerning the projected improvements. Attention was drawn to the fact that the Chamber of Commerce materially aided in carrying the bonds to provide for the Polytechnic high school, and the sentiment was unanimously that the organization ought to support every movement by the public authorities looking to improvement of the schools that is warranted by wise provision for the future. The city officials and school department managers will be requested to furnish the data either verbally or in writing.

This action was taken in response to a message from Superintendent of Schools Bunker, who transmitted an estimate showing that at least \$400,000 will be required to make proper improvements during the next two years. With this amount it is believed that ample provision can be made for the next fifteen or twenty years. Further consideration of the matter will be had at the next meeting of the board of directors, of which notice will be given in the public press, and all citizens who are interested have been invited to be present.

TO AID STARVING.

The secretary was authorized to accept contributions intended for the relief of famine sufferers in China. This was in compliance with the request of several citizens who wished to help the starving people of China.

A communication was received from George Stoddard, advocating the holding of a Fourth of July celebration, and extending invitations to the people of neighboring cities to come to Berkeley for a day's enjoyment and patriotic exercises. The public spirit manifested by Stoddard was commended, and the matter was referred to the committee on entertainment.

Z. P. Smith, president of the Berkeley Business College, addressed the board, announcing that he had been in London, this country, for the holding of Berkeley for an eastern magazine, and he asked for the endorsement and cooperation of the Chamber of Commerce in doing the work. The request was granted.

ENDORSE BILL.

A communication was received from the American Embassy Association announcing that the bill to appropriate \$500,000 to begin the work of housing American ambassadors in a better manner, has become a law. This bill was introduced by the Chamber of Commerce in Berkeley. It was announced that both the Chamber of Commerce and the Merchants' Exchange have appointed committees to act in this matter. A desire was expressed for the establishment of a comfortable station on the foot of University avenue, with ticket office, and a sufficient area to be lighted so that passengers coming into Berkeley at night may get to the street car without any difficulty.

Director E. D. Irwin drew attention to the importance of the National Educational Association convention to be held in San Francisco, and asked that provision be made for inviting all of the visitors to come to Berkeley for a day or two. This will be done in cooperation with the committees of the California Development Board with which the Berkeley Chamber of Commerce is affiliated.

MRS. B. F. BOWMAN NEW AUXILIARY PRESIDENT

BERKELEY, March 10.—Mrs. B. F. Bowman has been chosen president of the Berkeley Y. M. C. A. Auxiliary. She has just returned from Berkeley Chapter, Order of Eastern Star.

A luncheon is being planned by the auxiliary, to be held at the Y. M. C. A. building, some time this month. The committee in charge includes Mrs. G. A. Mattern, Mrs. Browning, Mrs. W. E. Mattern, Mrs. George Skilling. The guests will be members of the auxiliary and other women of Berkeley.

ALAMEDA PERSONALS

ALAMEDA, March 10.—Mrs. Sidney J. Conger entertained at a pretty luncheon at her home in San Jose avenue yesterday. The guests of honor were Mrs. D. W. Wakefield and Mrs. L. E. Hamilton of Portland. Covers were laid for Mrs. Wakefield, Mrs. Hamilton, Mrs. George L. Walker, Mrs. E. J. Holt, Mrs. A. Mattern, Mrs. George Skilling, Mrs. Charles Lewis and the hostess.

Miss Grace Claviter is spending a few days with her aunt, Mrs. Mayu Parkhurst, coming from her home at Mount Eden to attend the tea given by Mrs. Parkhurst yesterday.

Miss Edith Cramer was hostess at a sewing bee in honor of Miss Marguerite Morbio, Monday, March 9. Miss Morbio will leave for Europe this month.

Mr. and Mrs. E. J. Holt and family are entertaining Mr. and Mrs. Albert Sanders of Boston as their guests. Mrs. Robert Swane has planned a luncheon and sewing bee in honor of Miss Helen Stevenson, her house guest, for Thursday afternoon, March 16.

Mrs. M. McManis was hostess at an afternoon function yesterday for Miss Mary and Miss Lura Smith.

UNIVERSITY HAY MAKERS TO DANCE

Agricultural Club Prepares for
Ball in Hall of Beta
Theta Pi

UNIVERSITY OF CALIFORNIA, March 10.—Because of the large number expecting to attend the dance of the Agricultural Club Tuesday evening at Beta Theta Pi, the committee in charge is to limit the number of dancers to forty couples.

Miss Lucy Sprague, dean of women, spoke at the meeting of the Domestic Economy Club this morning in the Agricultural Hall on "Domestic Science." The Domestic Economy Club is composed of women who are taking the domestic science courses. It is the plan of the club to hold these meetings at regular intervals.

Marshals to aid in forming the parade of the classes on Charter Day were yesterday appointed by the presidents of the four classes as follows:

Senior class, Noble Hamilton, R. B. High and Miss Mabel Sadler; Junior class, Miss Gladys Baker, R. L. Shurtliff and C. L. Butler; sophomore class, Miss Elsie Sheeratt, M. K. Campbell and Arthur Eaton; freshman class, Miss Eleanor Jackson, W. G. Marvin and E. C. Brown.

Women students are to take an active part in the charter day exercises. Women of the four classes will meet at Hearst Hall and march to the meeting places of their various classes. All women are to be dressed in white except the seniors, who will wear their caps and gowns. The plan was announced last night to the women at the A. W. S. mass meeting at Hearst Hall, and was met with hearty approval.

Berkeley Society

BERKELEY, March 10.—Mrs. E. C. Wood entertained at the home in Cedar street yesterday afternoon in honor of Mrs. T. P. Matthews, a guest from Del Norte. Assisting the hostess in receiving were Mrs. C. B. Dunsmuir and Mrs. R. E. Berger. Saturday afternoon at the Shattuck Hotel Mrs. R. E. Berger will receive at luncheon followed by cards in honor of Mrs. Matthews.

The Misses Sarah and Margaret Hazeltine entertained at an informal tea at their home in the Claremont district yesterday afternoon. Among the guests were Mrs. Corbush, Miss Ethel Wilson, Miss Elizabeth MacBride, Miss Margaret Wyper, Miss Elsie Fraser, Miss Marguerite Roberts, Miss Magdalene Venable, Miss Gertrude Hamme, Mrs. Butler, Miss Louisiana Scott and Mrs. Phillips.

Miss Enid Watkins has sent out invitations to 40 girls for a tea Sunday afternoon, asking her guests to greet Miss Marguerite Morbio, who is to leave Berkeley for a trip abroad in a few weeks. College girls and a few others will be received at the home in Elmwood Park.

A week from Sunday Miss Mabel Clark will be a dinner hostess, claiming Miss Morbio as her special guest. Then a week from today Miss Carole Hess of San Francisco has asked a group of girls to bring their sewing and visit with Miss Morbio. Yesterday afternoon Miss Edith Cramer's sewing bee and tea was for Miss Morbio.

Mme. Ada Dow Currier and Miss Emmabelle Hudson Zucker left last evening for the east, where they will travel for a few months before establishing themselves in New York. Miss Zucker is to continue her dramatic work under the supervision of Mme. Currier.

Miss Dorothy Berkeke is to be home the latter part of March. The last letter from her came from New York. Miss Berkeke has been in the east several months, and has been entertained in Canada and eastern cities.

Miss Doris Winn is visiting with her father, Major Winn, and Mrs. Winn at Fort Leavenworth. She will return with them about April 1, and after a brief visit Major and Mrs. Winn will sail for the Philippines.

MERCHANTS' EXCHANGE ANNOUNCES LUNCHEON

BERKELEY, March 10.—The regular luncheon and business meeting of the Merchants' Exchange of Berkeley will be held at the Hotel Shattuck next Monday, March 12, at 1 o'clock. Already a number have signified their intention of being present. More than thirty members have attended the luncheons recently given by this organization. Matters of interest to all the merchants of Berkeley are discussed at the meetings, which are held immediately after the luncheon.

WOMEN STUDENTS AT UNIVERSITY HOLD A RALLY

MISS IRENE COFFIN, who gave monologue at students' rally last night.

UNIVERSITY OF CALIFORNIA, March 10.—As a farewell to the Varsity basketball team which left today for Reno to play the University of Nevada coeds, 500 members of the Associated Women Students held a rally at Hearst Hall yesterday afternoon and evening.

The evening program included monologues by Miss Irene Coffin and Edna O'Connor, selections by the women's mandolin clubs and the Treble Clef chorus, and short addresses on women's athletic affairs by Katherine Asher, manager of the team, Grace Hamilton and Anne Hunt. Cheers were given for the captain and manager. A dance enjoyed by the women only, concluded the festivities.

The committee in charge of the affair included: Miss Emma Black, Miss Ruth Robinson, Miss Mildred Hunter, Miss Vera Lewis, Miss Irene Coffin, Miss Italia de Jarnette, Miss Carolyn Waite, Miss Lucy Glynn and members of the crew, basketball and fencing teams.

HOLD MILITARY BALL AT UNIVERSITY TONIGHT

UNIVERSITY OF CALIFORNIA, March 10.—Hearst hall will be the scene tonight of the annual military ball of the University cadets. The grand march will be led by Major and Mrs. E. M. Lewis. The officers are to appear in white duck trousers and will wear their swords during the grand march.

The program is a novel in design, representing a West Point cadet at present arms.

Hearst hall will present a martial scene, with shelter tents set up in the corners and stacked arms, color standards and other implements of war. The walls will be covered with greens, giving the effect of a forest encampment.

The music will be furnished by the University Cadet band.

The following will be present as patronesses of the affair: Major and Mrs. E. M. Lewis, President and Mrs. Benjamin Ide Wheeler, Professor and Mrs. F. Soule, Professor and Mrs. E. O'Neill, Professor and Mrs. E. Derleth, Professor R. F. Shoiz and Colonel G. C. Edwards.

WOMAN SAYS SHE WAS DRUGGED.

SAN FRANCISCO, March 10.—Miss Clara Bon Lat, 622 Jackson street, notified the police that a woman in the house had drugged and robbed her of \$3. She says knockout drops were put in her beer.

BERKELEY COUPLE TELL BETROTHAL

Miss Gladys Stanford to Be-
come Bride of Harold
Pitchford.

BERKELEY, March 10.—Following the announcement of the coming wedding of Miss Emily Pitchford, a photographer of Berkeley, to William Huxley of this city, which is to take place within a few weeks in South Africa, the engagement of Miss Gladys Stanford has just been made known to their friends.

Mrs. Pitchford is soon to start for Johannesburg to attend the wedding of her daughter, who has been visiting in South Africa for some time.

The wedding of Harold Pitchford and Miss Stanford will probably take place in September in this city. The bride-to-be is a well-known pianist and a member of a family of musicians. She is a daughter of Mrs. M. E. Stanford of 1807 Shattuck avenue, and a sister of Misses Dorothy and Helen Stanford. She received her education in a private school in San Francisco, the former home of the Stanfords.

The romance dates from the time she first met Pitchford on coming to this city to live, seven years ago. Stanford recently returned from a trip to China, and the far east. He is employed in the office of the California Cannery Association. He is a brother of Clyde Pitchford, a University of California student.

CHURCHMEN HEAR WINSTON'S TRIAL

Rev. Charles B. Dalton Also
Present at Hearing of Ac-
cused Restaurateur.

BERKELEY, March 10.—Male members of Trinity Methodist Episcopal church, and the pastor, Rev. Charles B. Dalton, listened to the testimony in the case of H. B. Winston, a caterer and member of the congregation, charged with battery, in Police Judge Edgar's court this morning.

Winston, who conducts a confectionery and restaurant at 2143 Center street, appeared for trial on a technical charge of battery upon complaint of Roland Webb, a 17-year-old boy, who was formerly employed by Winston. He was defended by A. F. Black of San Francisco, former deputy United States District Attorney. Mr. Clark represented the District Attorney's office.

Webb, Claude Archbell and Thomas Bale testified for the prosecution. Archbell was for a short time a roommate of Webb when the latter occupied apartments at the home of Winston, above his place of business. Bale roomed next to Webb.

Winston gave testimony in his own behalf.

Attorney Webb argued that there was no law upon the statute books making the act complained of an unlawful offense, and that the charge of battery did not cover the case.

Judge Edgar will render his decision in the case tomorrow morning at 11 o'clock.

COMMITTEE NAMED FOR PANKHURST LECTURE

Prominent Persons to Act as Patrons and Patronesses of Suffragist.

FAREWELL APPEARANCE TO BE AT IDORA PARK

Famous Equal Suffrage Advocate to Speak in San Francisco Tonight.

The Citizens' Committee for Miss Sylvia Pankhurst's lecture at Idora Park Theater on Saturday night contains the names of a number of prominent men and women citizens of Oakland, Alameda and Berkeley. A number of leading citizens have sponsored her appearances throughout the country and the College Equal Suffrage League, under whose auspices Miss Pankhurst appears in Oakland, has obtained for its citizens' committee the names of people who are among the leaders in all advance movements in the community.

Miss Pankhurst is said by those who have heard her to be an extremely interesting speaker, with a play of ready wit and genial satire that enlivens the more serious moments of her discourse. When telling of her own experiences with British officials, such as the treatment of the women prisoners in Holloway jail, in which Miss Pankhurst has been twice an inmate, she holds the breathless attention of her audience. During a recent address in New York she was interrupted by cries of "Shame! Shame!" in the course of her recital of the cruel and inhuman treatment at first practiced upon the suffragists who were imprisoned.

Miss Pankhurst will speak in San Francisco tonight and will make her last appearance on the coast at Idora Park tomorrow night, under the auspices of the College Equal Suffrage League, which has members in all of the bay cities among the college women.

Miss Pankhurst arrived in San Francisco this morning on an early train and will depart for the East Sunday morning, after giving her lecture in Oakland Saturday night.

The Citizens' Committee is as follows: Mayor Frank K. Mott Mr. and Mrs. Clinton Her. William Day Walter Simmons Mr. and Mrs. Arthur G. Tassell Mr. and Mrs. F. B. Bode Dr. Sarah Shuler Mayor Roy of Alameda Dr. Edith Brown Rev. F. S. Brush Miss Annie P. Brown Mr. and Mrs. Frank C. F. Welling Miss Lucie Bunker Smith Miss Bertha Knox Mr. and Mrs. W. W. Miss Julie Morgan Mr. and Mrs. W. W. Miss Lucy Robinson of Guelphville U. C. Mr. and Mrs. James A. Johnson Dr. Florence Sylvester Mr. and Mrs. R. H. IMPORT OF FARM PRODUCTS IS BIG

Government Statistics Show Marked Increase During Decade of 1900-10.

WASHINGTON, March 10.—Some remarkable increases in the importation of agricultural products into the United States during the decade 1900-10 are shown in a bulletin issued by the bureau of statistics. Notable among these is the increase in the imports of fruits and nuts for the last ten years.

In 1900 this class was valued at \$19,000,000, while for the year 1910 they are given as \$39,600,000. The imports of fruits alone have increased on an average of \$1,000,000 a year since 1900. For the year 1910 they were valued at \$26,000,000, an increase of \$10,000,000 since 1900. Bananas showed the principal increase in this class, having grown from \$6,000,000 in 1900 to \$12,000,000 in 1910. Fruits and skins show increases, as do practically all commodities in the agricultural products. Shipments of hides and skins increased from 307,000,000 in 1900 to 573,000,000 in 1910. For the year 1910, however, there was a decrease when they were imported to the extent of 461,000,000 pounds.

Live animals, breadstuffs, sugar and tobacco were also imported in greater quantities in 1910 than in 1900.

AMERICAN COUNTESS AND AUSTRIAN EMPEROR MEET

BUDAPEST, March 10.—The Countess Szecsenyi, who was Gladys Vanderbilt, has been duly presented to Emperor Francis Joseph and the Archduke and Archduchess of the Austro-Hungarian Imperial family. The presentation was made at court ball and was brought about in compliance with a promise given the Vanderbilt family at the time of the marriage.

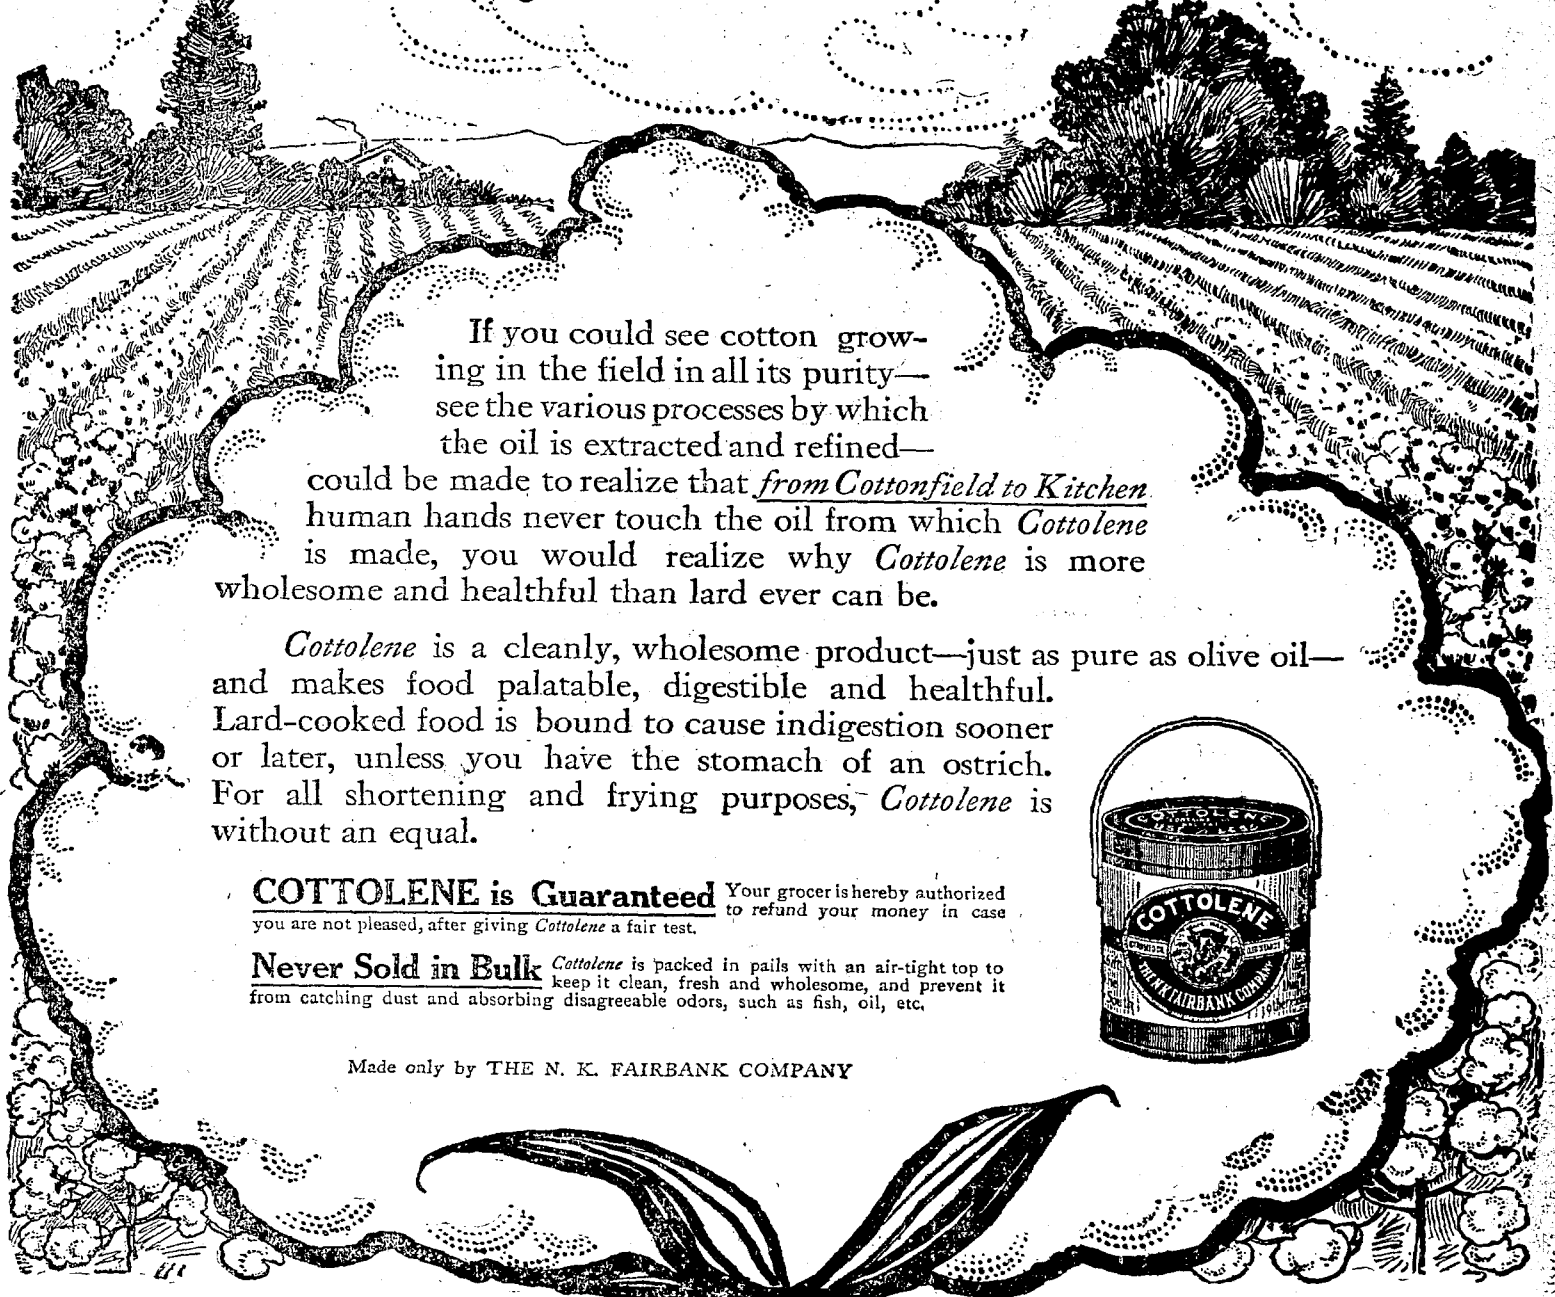

It is alleged that the Vanderblits de- clined to allow Gladys to marry the Count unless they were given assur- ance that she would be admitted to the Imperial court.

According to a remarkably strict rule, still in force in the court of the house of Hapsburg, Miss Vanderbilt, even as Countess Szecsenyi, would not be eligible, because none can be ad- mitted to the inner court circles un- less the candidate can produce records of at least thirteen noble ancestors, both paternal and maternal.

However, there was one drawback to the joy of the Countess, and that was the fact that another lady was ad- mitted to the ball who could not boast of purely noble descent. She was Mm. Rose de Lukacs, who was admitted be- cause she was the wife of the present Minister of Finance.

Cottolene

Like Fleecy Summer Clouds

If you could see cotton grow- ing in the field in all its purity— see the various processes by which the oil is extracted and refined—

could be made to realize that *from Cottonfield to Kitchen* human hands never touch the oil from which *Cottolene* is made, you would realize why *Cottolene* is more wholesome and healthful than lard ever can be.

Cottolene is a cleanly, wholesome product—just as pure as olive oil— and makes food palatable, digestible and healthful. Lard-cooked food is bound to cause indigestion sooner or later, unless you have the stomach of an ostrich. For all shortening and frying purposes, *Cottolene* is without an equal.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after giving *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

Made only by THE N. K. FAIRBANK COMPANY

HOPES TO DRIFT TO NORTH POLE

Captain E. B. Baldwin Plans to Start From San Francisco in 1913.

SAN FRANCISCO, March 10.—Captain Evelyn Briggs Baldwin, an Arctic ex-

plorer, has arrived here to make preliminary arrangements for a North Pole expedition which he proposes heading from this side of the world in September, 1913.

Captain Baldwin intends to fit out a ship in San Francisco with provisions for a four-year's absence. It will have sloping sides to avoid possible ice crushes. He will proceed near the point where the ill-fated Jeannette ended her two-years' search, and will enter one of the bays created by the ice packs. There he will anchor his vessel to the floating pack, allow it to become frozen in and rely on the movement of the pack to carry his expedition to the long-sought-for pole.

Scientists say that the Arctic ice pack travels about two miles a day, and

eventually drifts across the Arctic almost over the pole from the Bering sea to the North Atlantic. Captain Baldwin is confident that he will reach the exact spot in that way.

AID IS EXPECTED.

Other vessels will bring additional supplies before the vessel is finally frozen in, and lumber for strengthening its sides and building shacks for shelter while on the pack.

A wireless equipment will be included, and it is the hope of Captain Baldwin that the governments of the United States, Russia and Denmark will establish stations at the nearest points along the Arctic course to aid in his plan for outside communication.

The work will also be aided by the use of balloons and aeroplanes as scouts. Parties will be sent out on both sides of the ship for meteorological observations, and the records will be perfect in

all respects, according to Captain Baldwin.

Captain Baldwin is a champion of Dr. Cook, who he says has been misunderstood and maligned. He does not question the claims of Peary, but says he has faith in Dr. Cook's story. He says that after reading Peary's reports and questioning Dr. Cook he is satisfied that Cook's course to the north was but a few hundred miles west of that taken by Peary.

"Some future expedition," said Captain Baldwin, "will prove that Dr. Cook was not the monumental liar his enemies tried to make him out to be."

Captain Baldwin has spent the better part of his life in the Arctic waters. He was with Peary and Cook in their expeditions to north Greenland in 1893 and 1894, and was with the Spitzbergen balloon expedition in 1897. He was later a member of the Franz Josef Land expedition, and was meteorologist of the Wellman expedition in 1898 and 1899. In 1901 he again visited Franz Josef Land as a member of the Baldwin-Ziegler polar expedition.

In order to get you to try "Sunkist" Oranges and "Sunkist" Lemons and thus learn their excellent quality, we will send you free the beautiful Rogers Orange Spoon here pictured on receipt of 12 "Sunkist" wrappers and 12c to cover charge of packing. You will find both "Sunkist" Oranges and Lemons at nearly every dealer's, packed in individual paper wrappers that bear one of the trademarks shown below. If they are not packed thus, they are not the "Sunkist" kind, but an inferior fruit.

"Sunkist" Oranges—Choicest Fruit

"Sunkists" are the world's finest oranges—the select inspected crop of 5,000 California orange groves. No other orange is so sweet, rich and juicy. They are thin-skinned, seedless, fibrousless, tree-ripened, firm and solid. All are hand-picked. No fallen, bruised or over-ripe oranges. Each "Sunkist" is a perfect specimen, as delicious as if plucked fresh from the tree.

Buy "Sunkist" Lemons—which are of the same high quality as "Sunkist" Oranges—solid and sound. "Sunkist" Lemons are so juicy that two of them go farther than any other kind in the preparation of desserts, sauces and temperance drinks. Tell your dealer you want "Sunkist" Oranges and Lemons.

Save the Wrappers and secure a complete set of beautiful, useful orange spoons. In- cidentally, please send one-cent stamps when the amount is less than 24c; on amounts above 24c, we prefer money order, express order or bank draft. Don't Send Cash. We will be glad to send you complete list of val- uable premiums. We honor both "Sunkist" and "Red Ball" wrappers on premiums. DEATH MYSTERY IN COAST RANGE

Colusa Coroner to Hold Inquest
Over Bodies of Two Men
Found on Trail.

COLUSA, Cal., March 10.—Coroner McNary was summoned yesterday to Mountain House, in the Coast range, to hold an inquest on the bodies of two men that had been found on the Bartlett Springs grade. The bodies have not been identified.

A gray team of horses came running into Mountain House yesterday with an empty carriage. The horses were caught and a party of men went in search of those who had been in the rig. About a quarter of a mile distant they found the bodies of the two men.

On account of the high water in the streams, Coroner McNary had to make a detour to reach the place. Nothing had been heard from him at a late hour last night. Those who notified the coroner stated that the deaths of the men seemed to have been the result of an accident, but nothing further is yet known.

PLAN A FOOT TO PLACE
MANUEL ON THE THRONE

LONDON, March 10.—The Pall Mall Gazette says it understands that a strong movement is on foot to restore King Manuel to the throne of Portugal. The supporters of the movement hope to effect the restoration peacefully, by in any event they are determined to make the attempt when they consider the moment ripe to begin. It is possible, the paper says, that nothing will happen until after the election in Portugal next month, but there are signs that a political volcano may burst forth at any moment.

THREE WORKMEN FOUND
DEAD IN WRECKED BLOCK

NEW YORK, March 10.—The bodies of three workmen were removed early today from the wreckage in the basement of an eight-story building on East Eighty-seventh street, the roof of which collapsed late yesterday, carrying with it all of the eight floors below it and a hundred tons of concrete and twisted iron work. Four workmen lost their lives in the crash but the bodies of but three were recovered.

PERJURY CHARGED IN
UNION COAL MINERS' CASE

DENVER, March 10.—Mrs. Margaret Miller, who accused District Judge Greeley M. Whitford of accepting a bribe to sentence union coal miners for contempt of court, was arrested last night on a warrant charging perjury and conspiracy. Who she is supposed to have conspired with is not known to the public.

CLAY GREEN TO WED.
NEW YORK, March 10.—Clay M. Green, the author and playwright, today obtained a license to wed Mrs. Laura G. Robinson, a writer of this city. Green, who is president of the Lambs' club, gave his age as 61 years.

RHEUMATISM A DISEASE OF THE BLOOD

The Treatment Which Is Most
Successful Is Directed Toward
Building Up and
Purifying the Vital
Fluid.

That rheumatism is a disease of the blood is shown by the fact that it is hereditary in certain families, and that there is a marked thinning of the blood immediately following its attack.

In the following brief statement are described symptoms which every patient will recognize and the means by which a cure was effected in this case is described with equal fidelity.

If you are suffering from any form of rheumatism with loss of flesh and strength, and thinning of the blood, the remedy that was effective here deserves a thorough trial.

"About fifteen years ago," says Mrs. Rhoda Pettit, of Louisville, Neb., "after exposure to dampness and wet and being in a run-down condition from overwork, I began to suffer from inflammatory rheumatism. Both my father and mother were sufferers from the same disease. My right side was afflicted and had I no use of my right limb. The cords of the limb seemed to be drawn up. Often the pains would shift from one part of the body to another and, while they were worse in my right limb, they were very severe in the small of my back. There was a sensation as though I was being cut with a knife. My limbs and feet were swollen so that I could not put on my shoes. I suffered intense agony all of the time and when the attacks were severe I was confined to bed for weeks. My stomach was in bad shape. I was unable to eat, and after a time I lost weight and my strength was all gone.

"I took medicine from a doctor and tried several other remedies and liniments but nothing helped me until I tried Dr. Williams' Pink Pills. I had taken them only a short time before I could feel the new blood and after a fair trial I was able to walk. The pills made me a strong, healthy woman and I am entirely cured of the rheumatism. I know I would not be living today if I had not tried Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. The genuine are sold only in packages bearing the full trade-mark.

NEW PAINTINGS FOR ART GALLERY

Pictures to Be Added to Fine
Collection on Exhibition
in Piedmont.

With the addition of several new pictures shortly to be hung in the Piedmont Park Art Gallery, that collection becomes one of the most interesting and valuable ones open to the public in this part of the country. In fact it is a question if many people who have not realized just how good a collection this is. The paintings are the private property of Frank C. Havens of Oakland and have been brought together at home and abroad during a period covering many years. Nearly four years ago this collection, which consists of some 400 pictures, was assembled and housed in a gallery built for the purpose and containing nine rooms in Piedmont Park, which Havens owns. Richard L. Partridge, the well known artist, was placed in charge of the gallery as curator.

In the gallery the modern artists are the best represented, although there are examples of older painters. There is a characteristic head by Sir Thomas Lawrence, a portrait of Nicholas Pussan done by himself, and a Reynolds portrait. There is also a reputed Correggio, with several other old works by artists unknown.

Of the more modern canvases are an example of Rosa Donheur, a typical girl's head by Bonner, and a figure of A. Art, not to be compared in beauty with his later studies made from his California models of more recent date. However, the essentially modern works of such men as Charles Rollo Peters, F. Luis Mora, and Josep Maria de Sert are interesting. A marine and two landscapes by Partridge, the curator. His marine, "Sounding Sea," is particularly fine for its light on the water, and his smaller landscapes are delightful. The examples of Peters are thoroughly characteristic with their cold, intellectual, while Mora's "Spanish Merry Makers" is equally representative of his art.

In French artists the collection is particularly strong, numbering not less than a dozen. Several of which have been awarded honorable mention. An especially interesting painting to Californians should be the often copied "Sunday in California," painted in 1874 by Charles C. Nahl, who was the first to settle in this state in the early days. This work portrays in an interesting manner the life of that time. Other well known artists who are represented in the collection are J. M. Gamble, with three California landscapes; Carl Kahler with one of his famous studies of cats; J. J. G. Gordon, with a typical French peasant study; Thaddeus Welch, Gordon Coutts, and a characteristic modern work of Thornton Oakley.

DR. BURKE FIGHTS TO GAIN FREEDOM

Imprisoned Santa Rosa Physician Asks for Release on Bail.

SANTA ROSA, March 10.—Former Judge J. A. Cooper, until recently a member of the Court of Appeals, before which the application of Dr. W. P. Burke for a new trial is now pending, appeared in Judge Seawell's department of the Superior Court here yesterday and presented a lengthy argument in favor of having Burke admitted to bail pending the decision of the reviewing body.

Dr. Burke's application was opposed by District Attorney C. T. Yen and Assistant District Attorney George Hoyle, who presented affidavits from physicians declaring business any alarm about the condition of the prisoner, and affidavits from Sheriff Smith and deputies relative to Burke's treatment.

Attorney J. R. Leppo presented affidavits from Mrs. J. W. Clark, P. A. Menary and S. M. Rohr. Judge Seawell announced that he would render his decision Monday.

Sheriff Smith, in his affidavit, stated that Dr. Burke has exclusively use of a room 14 feet 6 inches by 12 feet 2 inches, and is permitted the use of the corridor. He is allowed to have food brought to him. He is provided with a spring bed and a bath with hot and cold water.

TOMMY BURNS ASKS \$50,000 FOR INJURIES

SEATTLE, Wash., March 10.—Tommy Burns, the pugilist, has begun a \$50,000 suit against the Puget Sound Electric Company asking damages in that sum for personal injuries sustained December 13 in a collision between two of the company's interurban trains.

The fighter says he came out of the wreck with his right leg broken and knee, shoulder and back wrenched to the extent of permanent injury.

He was thus prevented from engaging in pugilistic contests and rendered unfit to battle with Sam Langford, a fight sought to be arranged by Hugh McIntosh, the Australian promoter.

AUTHOR WEDS.
NEW YORK, March 10.—Seumas Macmanus, the Irish author, was married late yesterday to Miss Catalina V. Paer, also a writer, by Father Keen in the Church of the Holy Name. Archbishop Farley granted a special dispensation for the wedding, permitting it to take place during Lent.

The many uses of Gold Dust

If you were to use, for each kind of washing, cleaning, scouring and scrubbing, one of the so-called special preparations which are made, you would have an imposing and expensive array of chemicals, washing compounds, cleaning pastes, etc.

There is one cleaner that can take the place of them all, and without the need of borax, ammonia, kerosene or naphtha, and that is GOLD DUST.

Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form. "Let the GOLD DUST TWINS do your work"

BARTENDER SLEEPS WHILE TEA KETTLE BOILS DRY

SAN FRANCISCO, March 10.—A dense volume of smoke, issuing from Harry Hansen's saloon, 235 East street, at 1:35 a. m., caused Officer Casey to turn in an alarm of fire. When the firemen had forced the door James Clark, a bartender, was found asleep in a smoke-filled room. He had retired, leaving a kettle of water on a gas stove. The water having evaporated, the smoke began to pour from the kettle. The only damage sustained was to the panel of the door smashed in by the firemen.

MORGAN IN EGYPT; DENIES HE IS ILL

CAIRO, March 10.—J. Pierpont Morgan arrived here yesterday from a trip up the Nile. He said:
"I am perfectly fit and well and have not been ill in any way. It is absurd that a gentleman cannot travel without some one starting the stories about him which seem to recur monthly." Mr. Morgan refused to make any statement regarding his itinerary further than the fact that he expects to leave Cairo this week.

GERMS IN HER SYSTEM

Every Woman Should Read
This Advice and the Generous Offer That Goes With It.

This number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system. Some women think that the best help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test. There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally, most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Rexall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailment of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Rexall Mucu-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1.00. Remember, you can try Rexall Mucu-Tone only at The Owl Drug Co. (Inc.), 1000 Washington, 13th and Broadway, 16th and San Pablo.

ORCHESTRA GIVES OPENING RECITAL

Successful Program Rendered
at the Macdonough by
Stewart Club.

The Stewart Orchestra Club gave its first concert of the season at the Macdonough Theater last night, when a varied program of music was given. This is the third season of these concerts under the direction of Alexander Stewart, and the one of last night proved to be one of the most successful the club has yet attempted, comprising, as it did, selections from some of the greatest of composers. The orchestra was assisted by Mrs. Alma Berglund Winchester, soprano soloist, and Mrs. Clarke Fomeroy and Miss Mildred Porter, accompanists. The complete program follows:

- I. (a) Military March.....Schubert
(b) Symphony in B minor (Unfinished).....Schubert
Allegro-Andante con moto.
- II. (a) Grande Valse.....Venzano
(b) If I Only Knew.....Liza Lehmann
(c) Corinne Valse.....Tosti
Mrs. Alma Berglund Winchester.
- III. Meditation from "Thais".....Masset
Violin obligato solo, Miss C. M. Bright.
- IV. (a) Valse from the Ballet "Dornroschen".....Tschalkowsky
(b) Russian Romance.....Rudolph Friml
- V. (a) My Heart Ever Faithful.....Bach
With accompaniment of string octet and piano.
(b) Ave Maria.....Bach
Arranged by Gounod from a prelude for piano by Bach.
Mrs. Winchester.
- VI. (a) Adagio from "L'Arlesienne" Suite.....Bizet
String Orchestra.
(b) Overture "Light Cavalry".....Suppe

PORTLAND MAKES BID FOR REUNION

With Thousands Promised for
Entertainment of Elks;
City Is Optimistic.

Norman M. Vaughan, editor of the National Elks' Horn of St. Louis, Mo., is busy with his pen in supporting the Portland Elks' lodge, which is making great efforts to secure the Benevolent Protective Order of Elks' reunion for 1912. Mr. Vaughan has always advocated St. Louis for the meeting place, but when he received an invitation from "Exalted Ruler" William R. Apperson and Acting Secretary M. R. Spaulding of the Portland Elks outlining preparations being made there, he stated his belief that the Oregon city would secure the 1912 convention easily. Atlantic City, N. J., has the honor this summer.

The Portland lodge has contributed \$25,000 out of its own treasury and with \$125,000 as an entertainment fund promised, a royal welcome is in store for the Elks next year at Portland, Ore.

WINE INDUSTRY.—At the weekly luncheon which was given by the Home Industry League of California in the Palace hotel today, the wine industry of the state was discussed. The campaign to secure better recognition of California grape products was begun.

A FIERCE NIGHT ALARM is the hoarse, startling cough of a child, suddenly attacked by croup. Often it is aroused Lewis Chamblin of Manchester, O. (R. R. No. 3) for their four children were in severe attacks, "he wrote, "we were afraid they would die, but since we have used what a certain remedy Dr. New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat lung trouble. It has cured thousands of others. So may you. Asthma, Hay Fever, La Grippe, Whooping Cough, Honorifics it's before you, 50c and \$1.00. Trial bottle free. Sold by Os-good Bros."

DRILL TEAMS OF N. S. G. W. CONTEST FOR SUPREMACY

LESTER A. MANNING, one of the most prominent members in the ritualistic work of the Fruitvale Parlor No. 252, N. S. G. W.

FRUITVALE, March 10.—Since the starting of the series of ritualistic contests by the members of Fruitvale Parlor and Piedmont Parlor, Native Sons of the Golden West, nearly all the other lodges of the order have taken up the work and many splendid drills have resulted. On February 20th the members of the Piedmont Parlor, in answer to a challenge issued by the Fruitvale boys, presented their initiatory work in a manner that would appeal to the most exacting critic.

The final contest will be given Sunday afternoon, March 12th, at Alcatraz hall, Seventh and Peralta streets, between the officers of the Piedmont Parlor No. 120 and the Fruitvale Parlor, No. 252. Promptly at 2 o'clock the members of Bay View Parlor No. 238 will call the meeting to order, clear the floor and guard the drill space. Word has been passed that many other parlors will challenge the winners.

The judges for this occasion are to be chosen from the following deputy grand presidents of Alameda county: W. J. Dolan, Phil Bannum, Fruitvale, Sr. P. P. A. Plunkett, R. E. Crossman, J. L. Flynn, W. H. Dwyer, C. A. Jacoby, E. Torney, W. G. Muntz, George L. Donovan and J. J. Dignan, chairman. The officers of the two parlors, that will take part in the contest of March 12th, are:

C. A. Moreno, Piedmont, Sr. P. P.
F. M. Craddock, Piedmont, Jr. P. P.
Charles J. Mulhenny, Piedmont, Pres.
Ed. A. Tulse, Piedmont, 1st vice.
L. Lundquist, Piedmont, 2d vice.
A. Wemmer, Piedmont, 3d vice.
George Planer, Piedmont, trustee.

C. L. Corbier, Piedmont, out. sent.
C. M. Eckenham, Piedmont, organist.
Dr. J. C. S. Ackery, Piedmont, surgeon.
T. J. Rivers, Fruitvale, Sr. P. P.
W. M. Manning, Fruitvale, Jr. P. P.
P. H. Grosse, Fruitvale, Pres.
D. O. Dutton, Fruitvale, 1st vice.
Sam Thornally, Fruitvale, 2d vice.
E. J. Miller, Fruitvale, 3d vice.
J. R. Mulrooney, Fruitvale, trustee.
J. A. Nagel, Fruitvale, trustee.
George Heimken, Fruitvale, trustee.
Ed Brand, Fruitvale, rec. sec.
B. E. Fitt, Fruitvale, fin. sec.
C. A. Calhoun, Fruitvale, treas.
I. L. Gracier, Fruitvale, marshal.
J. Murray, Fruitvale, in. sent.
C. B. Elster, Fruitvale, out. sent.
F. Miller, Fruitvale, organist.
Dr. Jo. Hamilton, Fruitvale, surgeon.

CHARLES EHLERT TOOK A HEADER INTO ESTUARY

While attempting to board the tug Jone at the end of the Franklin street wharf yesterday afternoon, Charles E. Ehlert, manager of the Oakland Launch & Tugboat Company, lost his balance and took a header into the estuary and narrowly missed striking the stern of the tug with his head. With the aid of a boat hook held out to him by sympathetic hands on the pier, Ehlert clambered out of the water. The trip which he intended taking down the bay was postponed and the inner office of the Oakland Launch & Tugboat company was converted into a drying room while its manager attended to clerical business loaned him by the different employees of the company.

CALIFORNIA PIONEER DIES AT AGE OF 83

SAN FRANCISCO, March 10.—Isidore Burns, pioneer of California, died last night at the Hotel Normandie at the age of 83. He is survived by a widow. Burns was born in New York and came here in the gold rush of 49. He was a member of the Vigilantes and took part in all the affairs of the early San Francisco.

Up to the time of the fire in 1906 Burns was engaged in the shipping business. He was a member of the Society of Pioneers, the Mechanics' Institute and other organizations.

ANNOUNCEMENT.

**A Chance of a Lifetime—
A Musical Education
Absolutely Free.**

How many fathers and mothers look back to their childhood days with regret, knowing that their musical education was sadly neglected. When one grows into manhood and womanhood without some musical ability they feel keenly their predicament.

All of us cannot become great artists, but we owe it to our families to give them some education in music. Every Piano Buyer at the House of Curtaz & Son, at 520 Twelfth street, will give you a complete course in music free, if you will, only say the word.

Every one without a Piano should take advantage of this unusual opportunity. Every Piano Buyer at the House of Curtaz & Son is entitled to a Curtaz Scholarship. Just think what this means to you. Our Easy-Terms places a beautiful piano in your home and we

That Feeling Of Fullness

Disappears In Five Minutes After Taking a Stuart's Dyspepsia Tablet.

A Trial Package Sent Free on Request. All of the unpleasant sensations attendant upon eating too heartily are instantly relieved by a Stuart's Dyspepsia Tablet. Like sticking a pin into a rubber balloon. The reason is simple and easy to understand.

Inflation Of The Stomach From Undigested Food Quickly Relieved By A Stuart's Dyspepsia Tablet.

When you take food into a stomach that is tired and over-taxed the gastric juices do not form fast enough to digest it properly. So the food becomes sour and at once begins to throw off gases. Your stomach becomes inflated just as surely as if you attached a toy balloon to a gas jet. Then the gases and foul odors issue forth and pollute your breath, making you an object of nausea to your friends. Your tongue quickly becomes coated and you can taste the roughness that is within you.

Now all this condition is changed almost instantly by a Stuart's Dyspepsia Tablet. This little digester gets busy at once—supplies all the digestive juices your stomach was lacking—digests the food in a jiffy and opens up the clogged stomach and bowels. It also sweetens and refreshes the mucous lining of the stomach and bowels and restores peace and content.

If you will give Stuart's Dyspepsia Tablets a chance they will not only sweeten your stomach but also your disposition and you will never have another stomach ailment.

One grain of a single ingredient in Stuart's Dyspepsia Tablets will digest 3000 grains of food. This saves your stomach and gives it the rest it needs. All muscles require occasional rest if they are ever over-taxed. The stomach is no exception to this rule.

Try a box of Stuart's Dyspepsia Tablets and you will wonder how you ever got along without them. They are sold at 50 cents by all druggists everywhere. A trial package will be sent free on request to F. A. Stuart Co., 160 Stuart Bldg., Marshall, Mich.

FORMER OAKLAND MAN SEES CITY ONCE MORE

W. A. Chessman, a forty-niner and former pioneer resident of Oakland, is visiting E. W. Marston, of 1331 Webster street, after an absence of many years. Chessman is now interested in mining property in Helena, Montana. He is being shown the sights of Oakland by his friend and expressed himself this morning as astonished at the development of the city and bay section in the last ten years.

PIANO BUYERS' GUIDE

Exclusive Piano News Published by the House of Curtaz Weather Rain, rain and then some

**A Chance of a Lifetime—
A Musical Education
Absolutely Free.**

How many fathers and mothers look back to their childhood days with regret, knowing that their musical education was sadly neglected. When one grows into manhood and womanhood without some musical ability they feel keenly their predicament.

All of us cannot become great artists, but we owe it to our families to give them some education in music. Every Piano Buyer at the House of Curtaz & Son, at 520 Twelfth street, will give you a complete course in music free, if you will, only say the word.

Every one without a Piano should take advantage of this unusual opportunity. Every Piano Buyer at the House of Curtaz & Son is entitled to a Curtaz Scholarship. Just think what this means to you. Our Easy-Terms places a beautiful piano in your home and we
